## U. S. LIQUOR PATROL SEIZES YACHT OF MULTIMILLIONAIRE

Coast Guard Finds 30 Cases  
of Liquor on Luxurious  
150-Footer Leased by C.  
K. G. Billings.

## CAPTAIN ARRESTED ON DRY LAW CHARGE

Vessel Searched in York  
River on Return From  
Lessor's Estate on James  
—Held at Norfolk, Va.

By the Associated Press.  
NORFOLK, Va., June 16.—The  
Laurentian luxurious 150-foot  
yacht flying the New York Yacht  
Club flag, is held in the lower har-  
bor with a party of wealthy guests  
aboard while its captain, Benjamin  
Jarvis, faces charges of violating  
the Federal prohibition law.  
The yacht was seized by a Coast  
Guard patrol in the York River  
Monday night after she had  
returned from a trip to the Curle's  
Neck estate of C. K. G. Billings  
on the James River.

Chief Boatwain Jester, com-  
mander of the patrol boat, charged  
that he found 30 cases of liquor  
aboard.

Fred M. Alger, brother of Rus-  
sell A. Alger, owner of the yacht,  
said that the vessel had been  
leased for three months to Billings.  
Members of the Billings family  
and a party of friends were said  
to be aboard when it was seized.  
They all elected to stay on the  
boat last night rather than suffer  
the city heat.

Carrying a crew of 24 men and  
having cabin accommodations for  
10 persons, the yacht arrived in  
Hampton Roads Saturday from  
New York and proceeded to the  
Billings estate.

Cornelius Kingsley Garrison Billings  
succeeded his father as president  
of the People's Gas Light & Coke  
Co., of Chicago in 1917. He was  
chairman of the board from 1901 to  
1921, since when he has devoted  
his attention to his investments  
which have made him a multi-  
millionaire.

Capitalist's Yacht Shot at; Owner  
Accused of Prohibition Violation.

NEW YORK, June 16.—Shots  
fired at the private yacht Aloha,  
on the way to meet the Crown  
Prince of Sweden at Newport, R. I.,  
presumably by a liquor boat  
chaser, have been made the subject  
of a protest to Washington, and al-  
leged premature firing by a Coast  
Guard patrol boat at Miami, Fla.,  
also is under investigation.

The Aloha, a large, square-rigged  
craft, owned by Arthur Curtiss  
James, New York capitalist, was  
fired at yesterday opposite Watch  
Hill, 8 miles on the way from New  
York, one shot crossing the bow  
and a second narrowly missing the  
bow watchman. The shots came  
from an unseen vessel on the  
shoreward side. After an officer  
of the Aloha had called out, iden-  
tifying the yacht, it was allowed to  
proceed without further hindrance.  
The firing by Coast Guard patrol  
boat No. 227, which was reported  
to have endangered the lives of sev-  
eral hundred persons at Miami last  
Monday, is being investigated by  
Guard officers. Twenty or  
more shots were fired by the  
patrol boat as it chased a liquor-  
laden motor boat. A boat in the  
river between the two boats placed  
several hundred persons in Fort  
Dallas Park in direct line of fire.  
The liquor runner escaped.

The Dade County grand jury,  
which investigated the affair, ad-  
journing yesterday without making  
any recommendation.

Andrews Defends Use of Guns by  
Coast Guard.

WASHINGTON, June 16.—De-  
fending the use of guns by guard  
officers in rum patrol work, As-  
sistant Secretary Andrews, in  
charge of prohibition enforcement,  
gave assurance today that firing  
on water craft would be resorted  
to only in emergencies and when  
there was no apparent danger to  
the lives of those aboard.

Andrews said he had no official  
information about the shots fired  
at the yacht Aloha, off Watch Hill.  
He pointed out that standing or-  
ders were issued some time ago  
directing coast guard officers to be  
most careful in the use of their  
armament.

"Our men are charged with the  
protection of shipping and the en-  
forcement of the law," the Secre-  
tary said today, "and their prob-  
lem is difficult, to say the least.  
They have the unpleasant task of  
stopping rum runners as many as 1000  
a week. If an apparent  
rum runner ignores their com-  
mands, they must shoot, so long as  
life is not endangered."

## ONE STONE CLEAN OF 44 YEARS' DIRT AT U. S. BUILDING

Mason Who Helped Lay It Pro-  
nounces It Restored to  
Original Color.

The surface of a granite block in  
the Eighth street wall of the Fed-  
eral Building has been cleaned of  
44 years' accumulation of dirt.  
Charles Lendie, 68-year-old mas-  
on, who worked on the building in  
the '80s, inspected the stone yester-  
day. He pronounced it perfectly  
clean, in good condition and of its  
original color.

The stone was cleaned at the order  
of Customs Collector Hall, cus-  
todian of the building, in connec-  
tion with plans to have the entire  
structure refurbished. Several pro-  
cesses were tried, but none was suc-  
cessful until chemists of a local  
firm evolved a process which was  
used on the particular stone.  
Hall summoned Lendie from his  
home at Graniteville, Iron County,  
Mo., Lendie, who has been employ-  
ed on the Federal Building in 1882,  
when construction began, and con-  
tinued on the job two years. He  
recalled that the basement walls are  
of Iron County Granite and the  
upper walls of Maine granite.

Had will make recommendations  
for a cleaning contract to Congress,  
which has appropriated money for  
the purpose. The exterior never  
has been cleaned.

## 14 IN ONE LORRAINE FAMILY —TRIED FOR SERIES OF CRIMES

Charges at Metz Range From Petty  
Theft to Murder; 780 Ques-  
tions for Jury.

Copyright, 1926, by the Associated Press.  
Publishing Co., (New York World  
and Post-Dispatch).  
PARIS, June 16.—A family in  
Lorraine has broken all criminal  
records. Fourteen men and women  
—uncles, aunts, cousins, nephews  
and nieces— are on trial at Metz for  
varying degrees of crimes ranging  
from petty theft to murder. They  
are called the "Phonix Bandits."  
It has taken police of four coun-  
tries seven years to round them up.

The two principals are brothers-in-  
law, Emile Weil and Mathieu  
Gerard. After being chased through  
Germany, Belgium, France and  
Algeria, they were captured in Cor-  
sica last year.

Gerard started the family on his  
career of crime. After deserting  
the German army he took refuge  
with his Aunt Catharine. She gave  
him the addresses of a few likely  
places to rob and her husband  
helped him.

The jury, after listening to the  
evidence, must answer 780 ques-  
tions in its verdict.

## WOMAN, WHOSE CAR KILLED 2 CHILDREN, SAVED FROM MOB

Arrested in New York Started Auto  
When Chauffeur Talked; Two  
Others Seriously Hurt.

NEW YORK, June 16.—Alice  
Kennedy, 22 years old, an actress,  
was rescued from a crowd of Ne-  
groes and taken to the police sta-  
tion last night after a wild drive in  
a roadster through 134th street  
which resulted in the death of two  
negro children and severe injuries  
to two others.

The woman left a chauffeur,  
with whom she had been driving,  
talking to a friend and started the  
car. It smashed into a house,  
block away, after blowing through  
a crowd of children and automo-  
bile traffic, the chauffeur saved  
Miss Kennedy from crowds which  
gathered around the machine. The  
actress was held for arraignment.

## COALITION CABINET FOR FRANCE IS BRIAND'S HOPE

Premier, Who Resigned Yester-  
day, Is Commissioned to Form  
New Ministry.

By the Associated Press.  
PARIS, June 16.—Aristide Bri-  
and, who resigned as premier yester-  
day, late today agreed to en-  
deavor to form a new cabinet after  
he had received a formal mandate  
from President Doumergue.

Briand said his intention was to  
invite the leaders of all parties to  
forget their political quarrels and  
join him in an effort to find an  
early and final solution of the  
difficulties besetting France.

## Where to Buy Real Estate

Some communities are better  
than others because they  
increase faster in value.  
Where these communities are  
located, what is being done in  
development work, what ad-  
vantages they offer the in-  
vestor are found by reading the  
"Real Estate" columns of the  
Post-Dispatch.

The advertised properties are  
described in detail and any  
other information will be  
supplied by dealers and own-  
ers.

They will assist you in making  
complete investigation, and in-  
vestigation will open a door  
of opportunity for you.

Twelfth Boulevard and Olive Street

## GROTTO VISITORS HAVING A DAY OF VARIED ACTIVITIES

Boatload of Prophets and  
Wives on Mississippi—  
Others Spectators at  
Band Contest.

## SUPREME OFFICERS AT COUNCIL SESSION

Many Just Strolling About  
Town—Will Have Mu-  
nicipal Theater All to  
Themselves Tonight.

"Ubiquitous" seemed to be the  
password of the Mystic Order,  
Velled Prophets of the Enchanted  
Realm, in the movements of their  
thousands of visiting members  
about St. Louis today. The proph-  
ets, their black robes and their  
holiday smiles, were everywhere.

A boatload of the Prophets and  
their wives was on the Mississippi.  
About as many more were in the  
Scottish Rite Cathedral, where  
the band contest, with some 40  
musical organizations competing,  
began at 9 a. m. to last 5 hours  
or longer. The supreme officers  
were at the session in their  
Council in Alhambra Grotto. And  
many, perhaps most, of the Proph-  
ets were just out seeing the  
town, strolling downtown and  
in invitingly labeled automo-  
biles.

Theater Guests Tonight.

Those who were outdoors  
glanced at the sky now and then,  
for these Prophets are not infa-  
lible weather prophets, and they  
were a little anxious about toni-  
ght. They have heard so much of  
the Municipal Theater, and of "The  
Chocolate Soldier," which is being  
played there this week, that they  
would hate to see rain tonight,  
when the Prophets are to have the  
place all to themselves.

And even the big show in Forest  
Park, which will be over at 11  
o'clock or soon after, does not end  
the plans for tonight. Boys will  
be boys, and these grown-up  
youths, if the weather gives them  
any sort of an even break, are go-  
ing to have a pajama parade  
around the downtown hotels.

Al-Sirat Grotto of Cleveland,  
quartered at the Statler, is getting  
up the affair, which will be mod-  
eled on some of the most exciting  
chapters of college fiction. Pa-  
jamas will be worn by many, but  
will not be the only costume. The  
members who wear old-fashioned  
nightgowns will not be debarred—  
provided, of course, that enough  
is worn to satisfy the police.

Fireworks are mentioned in the  
advance announcements, and this  
word is taken both literally and  
figuratively.

Contest of Drill Teams.

The contest of drill teams began  
at 12:15 p. m. on the drill grounds  
in western Forest Park, to con-  
tinue through the afternoon. Sev-  
enteen teams, formed into two di-  
visions, were in the competition,  
with United States Army officers as  
judges.

Judge Frederick P. Walther of  
the Court of Common Pleas of  
Cleveland, O., was elected grand  
monarch of the Mystic Order,  
Velled Prophets of the Enchanted  
Realm, at a meeting of the Sup-  
reme Council of the organization  
today at Alhambra Grotto.

His short address acknowledging  
his election, which was by accla-  
mation, he announced that the  
Supreme Council was going to be  
invited by his grotto—Al-Sirat—to  
hold its next convention "where,"  
he said, "there will try to live up  
to the standard of hospitality set by  
St. Louis."

Other Officers Elected.

Other national officers elected to-  
day were: Deputy Grand Monarch,  
George J. Brenner of Merlin Grotto,  
Saginaw, Mich.; grand chief  
justice, John A. Derrick of Long  
I Grotto, Brooklyn, N. Y.; master  
of ceremonies, Edward W. Libbey  
of Kallipolis Grotto, Washington,  
D. C.; grand treasurer, Charles M.  
Colton of Lalla-Rookh Grotto,  
Rochester, N. Y., and grand sec-  
retary, George Edward Hatch, also  
of Lalla-Rookh.

For its Southwestern representa-  
tive the Supreme Council elected  
the youngest thirty-third degree  
Mason in the country. He is  
Charles Eugene Smith of Ben de  
Meer Grotto, Little Rock, A. rule  
members he 40 years old was set  
aside in his case because of his  
extraordinary record in Masonic  
work.

Grotto Advised Against Being  
Linked With K. K. K.

George A. Treadwell of New  
Orleans, retiring grand monarch  
of the order, in his report made  
yesterday to the Supreme Council,  
sets forth the purposes of the  
Grotto, a social organization to  
continue on Page 3, Column 6.

## \$1,000,000 in Jewels in Estate of Mrs. Huntington

Bulk of Fortune Came From Pioneer Rail-  
way Builder—Valuables Include String  
of Pearls, Worth \$444,000.

By Leased Wire From the New  
York Bureau of the Post-  
Dispatch.

NEW YORK, June 16.—More  
than \$1,000,000 worth of jewelry  
was left by Arabella D. Hunting-  
ton who died in September, 1919,  
and whose total estate of \$35,000-  
000 was largely inherited from her  
second husband, Collis P. Hunting-  
ton, the railroad builder and fi-  
nancier. The appraisal was filed  
yesterday with the state tax com-  
mission.

Approximately \$5,000,000 includ-  
ing the jewelry comprised the  
New York portion of her estate.  
The Federal and State tax on the  
whole estate was more than \$2-  
000,000 and the expenses of wind-  
ing up her affairs in New York  
and California, where she lived at  
the time of her death, amounted  
to more than \$2,000,000.

Archer M. Huntington, of this  
city, her son, is the principal be-  
neficiary. Besides the jewels, all of  
which went to him, he receives  
\$2,000,000 in trust and \$2,066,948  
in the residuary estate.

\$444,000 Pearls.

The jewelry which Mrs. Hunt-  
ington left was in a vault in the  
Lincoln safe deposit company  
here. It included a string of Ori-  
ental pearls, appraised at \$444,126.  
A chain of 119 diamonds was ap-  
praised at \$125,275. Another rope  
of pearls was held to be worth  
\$55,000. Some of the other items  
were:

Platinum mounted brooch \$10-  
000; gold mounted cluster brooch  
\$13,000; solitaire diamond ring  
\$5,000; brooch \$23,000; bracelet  
\$5,000; earrings \$5,000; bracelet  
\$11,250; brooch \$13,500; necklace  
\$23,000; brooch \$13,500, sunburst

## U. S. DROPS CHARGES AGAINST CHINESE IN JAIL 7 YEARS

Zhang Sun Wan, Accused of Mur-  
dering Three Countrymen,  
To Go Free at Last.

WASHINGTON, June 16.—The  
long fight of the Government to  
convict Zhang Sun Wan, alleged  
slayer of three members of the  
Chinese educational mission here  
more than seven years ago, was  
terminated today when the United  
States District Attorney Gordon in  
the District of Columbia Supreme  
Court nolle-prossed all charges.

The prisoner, a student, was ar-  
rested soon after the three Chinese  
envoys were found dead in their  
quarters here. Testimony as to a  
forged check figured in his first  
trial in which he was found guilty  
of one of the murders and sen-  
tenced to death. He won a new  
trial, which resulted in a hung  
jury. A third trial ended in the  
same way and the Government de-  
cided not to press the case farther.

The Chinese has remained in jail  
during the entire seven years.

## HANGS SELF WITH SILK HOSE

By the Associated Press.  
CHICAGO, June 16.—Mrs. Mary  
R. A. Villas, former wife of Roy  
A. Villas, wealthy manufacturer,  
hanged herself with a pair of  
silk stockings here yesterday.

She obtained a divorce from her  
husband in 1921, naming a Mrs.  
R. C. Vance as co-respondent. A  
year after the decree was obtained  
Villas announced her marriage to  
Mrs. Edna Vance of Texas.

probably show-  
ers or thunder-  
storms in east  
portion and to-  
night in west  
portion; slightly  
warmer to-  
morrow in ex-  
treme east  
portion, cooler in  
extreme north-  
west portion.

Winds: Unsettled tonight and  
tomorrow; probably showers or  
thunderstorms; slightly warmer  
tonight and near Lake Michigan  
tomorrow.

Sunset, 7:29—Sunrise (tomor-  
row) 4:34.  
Stage of the Mississippi 12.2  
feet, a rise of 2.  
ARKANSAS—Tonight and to-  
morrow unsettled, occasional show-  
ers; cooler in northwest  
tonight and in west and north to-  
morrow.

RECALL SIGNED BY 91,667

Addition of 413 signatures to the  
petitions for the recall of Mayor  
Miller in the last 24 hours brought  
the total today to 91,667. The Mil-  
ler Recall Committee announced.  
The minimum required is 60,456,  
but the goal is 120,000.

## GEORGE WILLIAMS, EX-CITY DETECTIVE, DIES IN HOSPITAL

He Was 50 Years Old and  
Had Been Suffering for  
Several Weeks From  
Form of Heart Disease.

## WAS WELL KNOWN FIGURE DOWNTOWN

Killed Three Men, Two of  
Them in Performance of  
Official Duties, During  
Career.

George G. Williams, known as  
"Little George" when he was a  
city detective in the days of the  
Chestnut-Market street "bad  
lands," and slayer of three men,  
died last night in Glenwood Sanitar-  
ium, Webster Groves. He was  
50 years old, and had been ill for  
several weeks with myocarditis, a  
form of heart disease, which  
caused his death.

Two of the killings were per-  
formed in his official capacity as  
detective. The third, which came  
after he left the force, represented  
the death of Lee Killian, who had  
been Williams' walking partner  
when both were subordinates of  
the late Chief of Detectives Wil-  
liam Desmond.

The name of the first man killed  
by "Little George" is not preserved  
in the police records. Williams in  
1900 was watching a building on  
Washington avenue, near Van-  
derbilt, at night, waiting  
for a supposed incendiary. A tramp  
appeared on the street, and Wil-  
liams, thinking him the man, ap-  
proached. He was awaiting, at-  
tempted to place him under arrest.  
The man fled, and Williams shot him.  
He was exonerated.

Killed Police Character.

Two years later Williams shot  
and killed "Bad Bill" Condon, a  
city character, outside of the  
Jail Cronin's saloon at Twelfth  
and Walnut streets. There were several  
versions of the circumstances of  
this killing, but Condon's bad rep-  
utation made it possible for Wil-  
liams to obtain exoneration and  
stay on the force.

Early in 1906, after he had been  
on the detective force nine years,  
Williams was dismissed by the Pol-  
ice Board, for intoxication. A few  
weeks earlier Lee Killian had been  
dismissed from the force. The pe-  
riod was one when a shakeup in  
the Police department was result-  
ing from the work of Gov. Folk's  
Police Board.

The night of Feb. 27, 1907, Wil-  
liams was in the saloon of McGrath  
& McMahon, 724 Olive street, and  
was sitting on a cushioned seat at  
the side of the room, when an en-  
counter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in  
the place at the time, and Wil-  
liams was sitting on a cushioned  
seat at the side of the room, when an  
encounter occurred between "Don"  
Killian, brother of Lee, and Tom  
McGrath, one of the proprietors, at  
the bar. Lee Killian and Pierce  
Killian, another brother, were in

## Buy Fiber Chairs Now

An Unusual Opportunity to Purchase a Strong and Sturdy Fiber Chair for the Porch, Sunroom or Summer Living Room at an Amazingly Low Price.

**\$8.95**

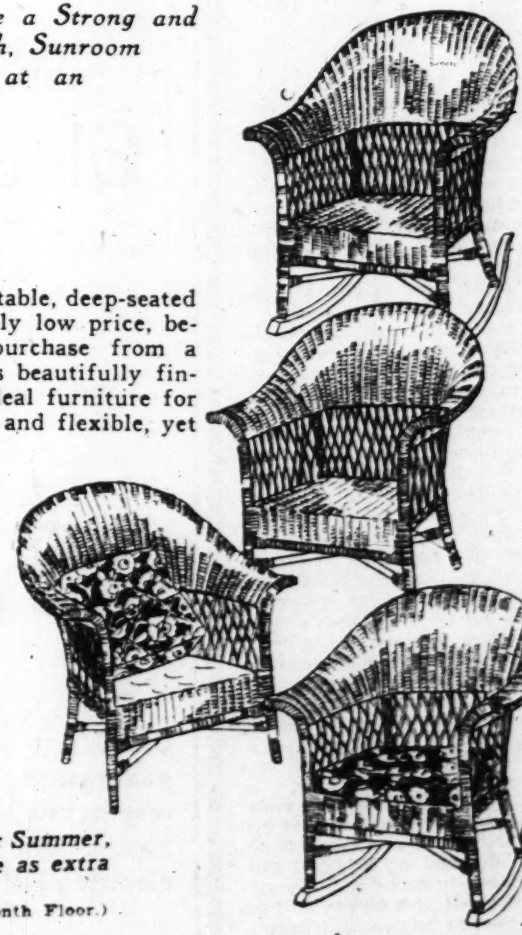

Strong Fiber Chairs—each one a comfortable, deep-seated Chair—can now be bought at an extremely low price, because of a particularly advantageous purchase from a high-grade manufacturer. Every Chair is beautifully finished and perfectly made of fiber—the ideal furniture for the porch or sunroom, because it is light and flexible, yet made strong and sturdy for hard wear.

## Chairs and Rockers—Plain or Cushioned

Choice of apple green, tangerine or serviceable brown finish in any of the four styles pictured here—rocker or chair with good spring seat and cretonne-covered cushion; rocker or chair made entirely of fiber. Each is a truly unusual value at this very low price.

These Fiber Chairs are not only ideal for Summer, but are also excellent for year-around use as extra chairs in any room in the house.

(Seventh Floor.)

## AUTO SWERVING AFTER COLLISION KILLS MAN

Mellon Heit Had Just Stepped Onto Sidewalk at Overland When Struck.

Mellon Heit, 23 years old, of Overland, was injured fatally at noon yesterday by an automobile which veered suddenly across the street after colliding with another machine at Twentieth and Pine streets. He died at City Hospital of skull fracture at 4 p. m.

Heit was a route boss employed at the St. Louis Dairy Co., 2000 Pine street. He had left the plant and was crossing Twentieth street when a machine driven east by William Bobbett, a Negro, of 221 Elm avenue, Webster Groves, collided with an automobile driven south by Elmer Koch, 19, of 4150 Carter avenue. Koch's machine swerved to the southeast corner and struck Heit just as he stepped to the sidewalk.

Both drivers were held pending an inquest. It was the seventy-third motor vehicle fatality of the year as against 76 in the equivalent period last year.

## MORE WARRANTS FOR MAN HELD FOR GIRL'S ABDUCTION

Statutory Offense and Practicing Medicine Without License Are Added Charges.

Warrants charging a statutory offense and practice of medicine without a license have been issued against C. W. Kopyczynski, 54 years old, known as Dr. David Provan, in East St. Louis and Caseyville, where he had offices. A warrant charging him with the abduction of Miss Venetia Maher, 16 years old, of Caseyville, had been issued previously. He is in jail at Belleville.

Miss Maher, who disappeared from Caseyville Thursday afternoon, was found yesterday in a rooming house at 1731 Missouri avenue, East St. Louis, where she said, "Dr. Provan" had taken her. A diploma of the College of Physicians and Surgeons, Chicago, issued to Dr. David Provan, was among his effects. Dr. David Provan of Chicago died two years ago and his widow says the diploma disappeared from his office at that time. The prisoner says his real name is C. W. Kopyczynski and tells of being a member of the Austrian nobility and of having been a general in the Russian army. He denies the charges.

## MISSOURI BLACKSNAKES TO VIE WITH TEXAS RATTLESN

Bout Being Arranged to Determine Which of the Reptiles Can Exterminate the Other.

SAN ANTONIO, Tex., June 16.—Missouri blacksnakes are to enter the lists with Texas rattlesnakes in an effort to prove the contention of J. S. Gates of Sugar Creek, Mo., that the Missouri snake can exterminate the rattler from the Lone Star State.

Ray Lambert, Commissioner of Parks here, has telegraphed Gates to send two selected blacksnakes to enter the ring with two Texas rattlers. Should the Missouri snakes emerge the winner, Commissioner Lambert said he would be interested in Gates' offer to send 10,000 Missouri blacksnakes to Texas.

Gates' offer was made in a letter to the local Chamber of Commerce, in which he said the Missouri snake would rid Texas of rattlers in 10 years. He explained that the blacksnake is a constrictor and its bite is not dangerous.

## TEN MONTHS OF WINTER FOR ROCKY MOUNTAIN MAIL FLYERS

Only in July and August Dare They Lay Aside Bearskin Suits and Heaters.

CHEYENNE, Wyo., June 15.—The air mail pilots who fly over the Rocky Mountains between Salt Lake City and Cheyenne, might as well live in the Arctic region, so far as summer concerns them.

Only two months, July and August, are summer to the letter-carrying birdmen. The other 10 months they wear thick bearskin flying suits, and during a flight, keep the heating appliance, attached to the motor, going full blast. The pilots' summer clothing consists of a jumper overall suit. In other sections the pilots don their summer flying suits and turn off their engine heaters from May to September.

## MOTORIST WHOSE CAR KILLED MOTHER OF 8 IS CONVICTED

KANSAS CITY, Mo., June 16.—Frank R. Millin, 40, has been convicted of manslaughter for having run down and killed Mrs. Josephine McBane, mother of eight children, Sept. 21, last.

Judge James H. Austin imposed a sentence of six months in jail. This was the first conviction in Jackson County in three years for a death growing out of a motor car accident.

Bulgarian Peasant Shot.

SOFIA, Bulgaria, June 16.—Two Greek border guards are reported to have shot a Bulgarian peasant at the frontier yesterday. Bulgarian officers, alleging the shooting was without provocation and that the peasant was on Bulgarian territory at the time, have demanded a meeting with Greek officers for the purpose of an investigation.

**BENDER DEMANDS****TRIAL FORTHWITH**

Motion Filed in Circuit Court  
Seeks Hearing Earlier  
Than July 6.

"Trial forthwith" of the case of A. Samuel Bender, lawyer and ward politician, charged with compounding a felony in the settlement of the Rutherford murder case, in which he had the dual role of special prosecutor and damage suit attorney, is demanded in a motion filed in Circuit Court today by Bender's counsel.

Bender's trial has been set for July 6, two weeks from next Tuesday. Judge Landwehr, in whose court the case is set, has asked Judge Cornelius Skinner of Bolivar, Polk County, to preside. Bender, who is a candidate for a Republican nomination for the Circuit bench in the primary Aug. 3, complains that the time set does not meet his earlier demand for immediate trial, and asks that an earlier date be set.

**Action on Motion Unlikely.**

The motion today was filed with Judge Landwehr, but it is not expected that Judge Landwehr will take any action on it, as he has disqualified himself in the Bender case. It was said that the motion probably would remain in the records of Judge Landwehr's court until the arrival of Judge Skinner, who, so far as now known, will not be here before July 6.

Bender's motion refers in detail to the action taken in the Court of Criminal Correction Monday, when Attorney-General Gentry dismissed the misdemeanor indictment charging Bender with conspiracy to pervert and obstruct justice. The Attorney-General had previously agreed to grant Bender's demand for an immediate trial in the conspiracy case. The dismissal left the way open for reinstatement of the conspiracy charge, which is pending against five others, including Circuit Attorney Sidener and the Rutherford lawyers.

The motion filed today speaks of the action taken against Bender as "outrage and persecution," and says the postponement of his trial to July is "so oppressive and unreasonable as to shock the judicial conscience, and is in violation of his rights to a speedy trial, and is not responsive to his motion for a trial forthwith."

**Charges in the Motion.**

In asking previously for an immediate trial, the motion says, Bender offered to "forego and forgive 'improprieties and irregularities' which he charged in the procuring of the indictment. If he does not get an immediate trial, the motion says, he may "be compelled to expose the improprieties and irregularities which took place in the grand jury room, as well as the manifold and flagrant defects appearing on the face of the indictment."

Papers Being Drawn for Requisition of W. A. S. Rutherford. Special to the Post-Dispatch. JEFFERSON CITY, June 16.—Attorney-General Gentry conferred with Governor Baker today on the requisition for William Allen Scott Rutherford, wanted in St. Louis for second degree murder and feloniously carrying a concealed weapon. The requisition papers have been prepared and await the arrival of a certified copy of the court order setting aside Judge Mix's judgment permitting Rutherford to escape with \$500 fine, before being forwarded to Governor Terral of Arkansas at Little Rock.

The Attorney-General plans either to go himself to argue for extradition before Gov. Terral, or to send one of his assistants. It is planned to extradite both Allen and his brother, John, in the trial of A. Samuel Bender on the charge of compounding a felony, July 6, in the Circuit Court here.

Two separate sets of extradition papers in Allen Rutherford's case will be sent to Arkansas. One set will deal with the murder charge and the other with the concealed weapon charge. Thus, if Gov. Terral refuses to extradite on one charge such refusal will not affect the other count and each case must be passed on its merits.

In arguing the extradition of the Rutherfords Gentry purposes to stress the point that he offered John Rutherford immunity for himself and brother if he would come to St. Louis and tell the truth about his dickerings so his brother could escape with a fine from a second degree murder indictment. John Rutherford's refusal to do this, after promising Gentry he would, has precipitated the extradition proceedings.

Gentry will come to St. Louis tomorrow afternoon to take up further investigation of the Circuit Attorney's office with the present grand jury. When asked if he would move for the indictment of Bender on the conspiracy charge which was dismissed by the State in Provisional Judge Grouzki's court Monday, the Attorney-General indicated that such a step would be taken. "However," he added, "that is up to the grand jury." The State contends that dismissal of the charge against Bender in the Court of Criminal Correction, due to dissatisfaction with the jury panel and failure of John Rutherford to appear, amounts to only a technical continuance, and that Bender may yet have to stand trial on the conspiracy count.

**Garden  
freshness**

Working in the garden, in a natural pleasant way you are both soothed and stimulated. You like it—one reason why it does you so much good.

In a natural pleasant way Kolynos cleanses and refreshes your mouth. Wonderfully good for you is the Kolynos toilet of mouth, teeth and gums. You like the fresh fit feeling it gives your mouth—one reason it does you so much good.

Kolynos cleans with extra efficiency because it is a light cream which becomes a foamy white fluid in your mouth and reaches every spot where dirt or dangerous germs could hide. Nothing flows like a fluid.

Buy Kolynos today. Try it tonight and see how pleasantly and effectively it cleanses mouth, gums and teeth. So refreshing!

## DRYS WIN TWO OF THREE CONTESTS IN NEW JERSEY

Wet Congressman 3000 Behind — Advocate of Referendum Wins State Senate Nomination.

By the Associated Press.  
NEWARK, N. J., June 16.—Although this State has two wet United States Senators and a wet Governor, returns from yesterday primary elections gave advantage to the drys in two of the three prohibition clashes.

In the third, a woman advocate of a prohibition referendum, Mrs. Adeline Lawrence, was the winner in a dry county. Mrs. Lawrence is the wife of a circuit court judge, and contested the Democratic nomination for the State Senate from Monmouth County against James R. Hendrickson, a bone dry. B. Duncan McClave, brought forward by wet Republicans in the Sixth Congressional District against Representative Randolph Perkins, a dry, was 3000 votes behind on returns from half the district. The Antislavery League termed this battle a "real prohibition referendum," and urged its followers to go to the polls on stretchers, if necessary, to vote against the "saturatedly wet" McClave.

(The Sixth District covers the extreme northern and northwestern counties of the State, including part of Passaic County.)

The campaign of Assemblyman Herbert J. Pascoe, against State Senator Arthur Pierson for the senatorial nomination in Union County failed by 4000 votes. Pierson was dry and Pascoe was a leader in attempts to have Republicans take a stand for modification or a referendum.

The fall elections in a majority of the congressional districts will be fought between wet Democrats and dry Republicans as a result of the primary. The present delegation of 12 contains two Democrats and two wet Republicans, with the others dry Republicans, or not out and out wets.

60 ST. LOUISANS DEPART

TONIGHT FOR EUROPEAN TRIP  
All Will Go First to Ireland and Some Will Remain Abroad Six Months.

Sixty St. Louisans will leave Union Station on a special train tonight for New York, whence they will sail Saturday morning on the Cunard Line steamer Scythia for Queenstown, Ireland. They will be joined at New York by 78 other St. Louisans who are making the trip by motor and in many cases taking their automobiles to Ireland with them.

On arrival at Queenstown June 27 the party will separate, some going to Germany after a tour of Ireland others spending six months or a year in the United Kingdom. The trip is in charge of Owen J. Lenihan, assistant manager of the Cunard office here.

TAME SILVER FOXES AS PETS

English Society Woman Starts New Fad by Leading a Bear. Special Correspondence of the Post-Dispatch.

LONDON, June 9.—The annual spring crop of eccentric pets is making its appearance at the church parade in Hyde Park on Sunday mornings. A society leader has a small African tree bear which follows on the lead. Mrs. F. P. Long of Philadelphia has started what promises to become an entirely new fashion in pets—tame silver foxes. Since she appeared with this in Hyde Park a few days ago London animal dealers have received many orders to obtain these—at any price they care to ask. London society has lost its passion for small snakes and lizards as pets; instead, the rare and brilliant colored birds are finding a place in the fashionable household.

**\$100,000 Suit for Loss of Hotel.**  
Suit for \$100,000 damages for the alleged loss of a hotel, restaurant and summer garden property in addition to a candy shop, was filed in Circuit Court yesterday by Gustave Stathopoulos. It is directed against Harry and Theodore Stathopoulos, relatives of the plaintiff, and Spiros Panagiotopoulos, who it is alleged, wrongfully converted the property to their own use in 1922, thereby depriving plaintiff of his interest. The property involved includes Eden Park at Meramec Highlands, in which plaintiff states he owned a half interest. The hotel and restaurant are located in this city, as is the candy shop, the latter being at Delmar avenue and Delmar boulevard.

## TWIN BROTHERS ORDAINED AS PRIESTS OF JESUIT ORDER

Will Officiate Jointly at Marriage of Their Sister in St. Pius Church June 20.

The Revs. Timothy L. and Francis P. Keeney, twin brothers who were ordained today as priests of the Jesuit Order, will officiate on June 20 at the marriage of their sister, Miss Alice Marie Keeney, to Dr. Edward James Duffy of Dayton, O.

The priests are sons of Francis J. Keeney of 2901 Potomac street. They graduated from St. Louis University together and since have pursued a course of 14 years of study in preparation for ordination. They will be 24 years old on Aug. 20.

The wedding of their sister is to be solemnized at St. Pius Church, where Father Timothy will pronounce the words of marriage and his brother will say the nuptial mass. Dr. Duffy, who is completing his internship at City Hospital, plans to make his home in Dayton.

## Visitor Becomes Ill in Taxi.

William Hites of Knoxville, Tenn., a visitor for the Grotto convention, was taken to Barnes Hospital unconscious last midnight. He was recovered this morning, although physicians had not determined the nature of his illness. A friend said he became ill in a taxicab en route from the American Annex Hotel to the home of friends on Delmar boulevard.

**DRY AGENTS FIND  
\$5000 CHECK PAID  
BREWERY TRUSTEE**

Records Confiscated in  
Belleville in Hunt for Ev-  
idence Against New  
Athens Property.

**SALOON KEEPER ALSO  
PAID A BOOTLEGGER**

Sums From \$420 to \$1258  
Given to Ray Stevenson,  
Later Killed; Two Sought  
for Explanation.

Efforts of prohibition agents to  
learn the names of men with whom  
the New Athens Brewery dealt  
prior to the raid of June 2, when  
20,000 gallons of illegal beer were  
seized there, resulted in the con-  
fiscation last night of canceled  
checks and other records kept by  
two Belleville saloon keepers dur-  
ing raids on their places by Fed-  
eral enforcement officers.

A canceled check for \$5000  
paid by Irving Gintz, proprietor  
of the Stag Buffet, 117 West Main  
street, Belleville, to George C.  
Probst, trustee of the estate of Is-  
fried Probst, founder of the New  
Athens Brewery, was seized. Fed-  
eral agents are seeking an explana-  
tion of the check from Probst,  
who has not been seen by them  
since the raid on the brewery, and  
for Gintz, who disappeared before  
agents raided his place last night.

The check was dated March 2,  
1926, and purports to bear Probst's  
signature as indorsement. Among  
the other checks seized from  
Gintz's safe were several made pay-  
able to Ray Stevenson, notorious  
East Side bootlegger who was  
killed recently in a motor boat  
accident in the Mississippi River  
near New Orleans. The checks to  
Stevenson covered a period of from  
October, 1924, to June, 1925, and  
ranged in denominations from  
\$1258 to \$420.

A second raid which yielded can-  
celed checks was on the saloon of  
Hobart Miller at 624 South Illinois  
street, Belleville. Checks paid by  
Miller to Charles Schreiber, brew-  
master at the New Athens brewery,  
were recovered. These totaled  
\$2904 and covered the period from  
June 12, 1925, to June 5, 1926.

The incorporated name of the  
New Athens brewery is the Probst  
Pure Products Co. of New Athens,  
Ill. George C. Probst is understood  
to be head of the company. He  
also is president of the Metropol-  
itan Trust Co. of East St. Louis.

The brewing company, which  
twice had been refused a permit to  
manufacture beer for dealcoholiza-  
tion, was represented by George W.  
English Jr., son of Federal Judge  
English of East St. Louis, now un-  
der impeachment charges. In  
May, 1925, prohibition officers  
tried to get a permanent injunc-  
tion against the brewery, but their  
petition was refused by Judge En-  
glish.

**Woman and 14 Men Arrested.**  
A woman and 14 men were  
arrested in the raids at Belleville  
and Mascoutah and large quanti-  
ties of liquor were seized at each of  
five saloons visited.

The arrest of the woman, who  
gave her name as Mrs. Irving Gintz  
and said she was the wife of the  
proprietor of the saloon where the  
\$5000 check was seized, followed  
her appearance at the back door  
of the saloon in a Cadillac coupe.  
Agents reported they found three  
gallons of wine, a case of home  
brew and four pints of whisky in  
the car.

Twenty agents, divided into five  
parties of four each, made the raids  
under the direction of Assistant  
Prohibition Administrator Cun-  
ningham and Deputy Administra-  
tor Dillon. All the raids were car-  
ried out simultaneously at 6:15 p.  
m., the work of rounding up pris-  
oners and destroying seizures con-  
tinuing until midnight. Those ar-  
rested then were loaded into a  
seized brewery truck and taken to  
East St. Louis, where Mrs. Gintz  
and four men obtained bond im-  
mediately. The others were held in  
jail.

**List of Places Raided.**  
The places raided in Belleville  
were: Stag Buffet, 117 West Main  
street; Elmers Park Saloon, State  
street and Cleveland avenue; Ho-  
bart Miller's place, 624 South Illi-  
nois street, and Antoine Wolf's  
place on Illinois avenue north of  
the square.

At the Elmers Park saloon,  
which is on a picnic grounds, six  
men were arrested, who gave their  
names as John Holland, Robert  
Holland, Arthur Songer, Elmer  
Roberts, Charles Kelly and Joseph  
Tannebaum. Agents reported find-  
ing 50 cases of home brew and six  
gallons of whisky in the place.

Agents who raided the Gintz  
saloon arrested besides Mrs.  
Gintz, a bartender, Adam Maurer,  
and reported the seizure of 350  
pints of home brew, three quarts  
of gin, a gallon of whisky. At the  
Wolf saloon the proprietor and  
Henry Kiefer, bartender, fell into  
the hands of the raiders, who un-  
covered, they report, 1000 pints of  
beer and a full case of whisky.  
The Miller saloon raid resulted in  
the arrest of its proprietor and  
according to the agents the dis-

covery of 182 bottles of beer. In-  
rested Bill Kallko, Louis Donner  
the Mascoutah saloon raiders ar-  
and W. J. Berghéger. Ten 16-  
gallon barrels of home brew were  
destroyed at this place.

**TWO GUILTY OF LIQUOR THEFT**  
Delicatessen Proprietor and Negro Tailor Convicted in Indianapolis.  
By the Associated Press.  
INDIANAPOLIS, Ind., June 16.—Bruce Ostheimer, delicatessen proprietor, and Walter Ewing, Negro tailor, were found guilty yesterday by a jury in Federal Court of conspiracy in connection with the theft of W. P. Squibb & Co. bonded liquor. The liquor was alleged to have been removed from the basement of the Federal building here, where it was stored after confiscation from a distillery at Lawrenceburg, Ind.  
Removal of the liquor was the subject of comment in Congress by Representative F. H. Laguardia, Progressive Socialist, of New York, several weeks ago.

# EFFECT OF PHONE RATE RISE BEING AUDITED

Test Period for St. Louis Business Subscribers Will Expire July 31.

By the Jefferson City Correspondent of the Post-Dispatch.  
JEFFERSON CITY, June 16.—Telephone rates in St. Louis again will be taken up by the Missouri Public Service Commission at the completion of an audit now being made by the Commission's accountants of the books of the St. Louis exchange of the Southwestern Bell Telephone Co. The audit is to determine the effect of a business telephone rate increase granted in June, 1925, for a test period of 12 months. The test period expires July 31.  
Whether the company will seek a further increase in rates or merely ask for continuance of the rates now in effect will be determined by the financial showing in the audit and by figures being prepared by the company. It is understood the showing thus far, coupled with plant additions, which increase the valuation claimed by the company, will preclude any move by the company toward a rate reduction.  
The test increase affected only business telephones, comprising about 23 per cent of the subscribers in St. Louis. Rate experts of the commission estimated the increase would produce \$894,000 in additional revenue annually.

**Full Valuation Not Decided.**  
At the time the commission granted the increase, it placed a tentative valuation of \$24,700,000 on the St. Louis exchange, based on a book audit only. The commission previously had denied a demand by the City of St. Louis for a full valuation of the telephone property, on the ground the commission did not have sufficient funds to make a full valuation.  
The commission estimated the increase granted the company would enable it to earn 12 per cent on the tentative valuation, including 7 per cent for return and 5 per cent for depreciation.  
Since the tentative valuation was fixed, many plant additions have been made by the company and the audit now in progress covers these additions as well as the revenues, operating expenses and other financial experiences of the company under the increased rates schedule.  
When the increased rate application was being heard by the commission early in 1925, company attorneys sought a valuation of \$30,000,000 for the St. Louis exchange, and declared the proposed increase would not be sufficient to produce a fair return on what the company considered was a fair valuation of its property. However, no indication was given that a later increase would be sought on residence telephone rates.  
**Whole Force of Auditors on Job.**  
Virtually the entire force of commission accountants is working on the Bell audit and will not finish for several weeks. This may cause a delay in the audit ordered yesterday by the Commission of the books of the United Railways Co. of St. Louis in connection with an application for an increase of fare from 7 to 8 cents. The order for the U. R. audit becomes effective in 10 days, and some of the accountants may be transferred from the telephone audit to the U. R. investigation.

# MAN BEGGING OF MASONS UNDER ARREST AS FRAUD

Charged With Unlawful Wearing Of Emblem of Order to Get Charity.  
A warrant charging George Leroux, 36 years old, who says he has no home, with unlawfully wearing a Masonic emblem in violation of a state law, was issued by the Prosecuting Attorney's office yesterday.  
Leroux was arrested at Grand boulevard and Olive street last night while soliciting alms from visiting Grotto members on the strength of an emblem which he wore. He is said by police to admit that he is not a Mason.

# WINDOW WASHER IN FALL TO DEATH KILLS WOMAN ON STREET

By the Associated Press.  
CHICAGO, June 16.—James Vando, a window washer, plunged 16 stories to his death from the window of a downtown office building yesterday, and killed a woman pedestrian, upon whom his

body crashed. Ropes attached to Vando's safety harness broke. The woman, Mrs. Catherine Jex, the mother of five children, suffered a broken neck and a skull fracture. In her purse was \$160 pay which she had received. She was waiting for a street car at the time of the accident.

DIAMOND JUBILEE 1851

# SERVICE

## *A Pageant of Progress*

In commemoration of the 75th anniversary of what is today the Missouri Pacific Lines, a magnificent spectacle, combining a gorgeous array of pageantry and subtle art of fantasy, will be presented by 1000 Missouri Pacific employees at Washington University Stadium every night, July 4 to 11, inclusive. This

Pageant of Progress, produced with careful attention to historic fact and detail, will be the most unusual and elaborate "birthday party" ever celebrated by an industrial institution in the history of the United States.

## MAGNIFICENT, SPECTACULAR PAGEANT AND FANTASY

"SERVICE—A PAGEANT OF PROGRESS" will be presented in two parts. Part I shows the historical development of transportation in the Middle West from the time of the Stage Coach and Pony Express to the present. The story is told in impressive pageantry, accompanied by a number of special features, a few of which are described below. Part II is called "The Court of Transportation—A Fantasy." It is full of surprises and unique effects—to describe the theme would lessen the enjoyment of its presentation. Suffice to say that one of the original stage coaches used before the days of railroad transportation, a replica of the first locomotive west of the Mississippi, and a replica of the latest type of locomotive will be used.

Probably the most unique feature of this magnificent presentation lies in the fact that every part, not only on the stage, but in the handling of scenery, lighting effects and stage construction, is taken by Missouri Pacific Lines employees.

### Chorus of 150 Voices

The chorus of 150 voices has been drawn from cities scattered over the territory and from the St. Louis offices.

### 36-Piece Mexican Band

The Mexican Band, brought from the Mexican borderlands, will be a unique feature of the Pageant. These musicians will be garbed in their native costumes. They will play quaint Spanish arias as well as modern American music.

### 80-Piece Band Orchestra

An 80-piece band-orchestra, selected from fifteen Missouri Pacific bands, will add further attraction to the musical department of the program. The members of this organization have been selected with great care. Their playing will rival that of any orchestra ever heard in St. Louis.

### Double Ballet

Of outstanding interest will be the highly trained ballet corps, which will include many of the most attractive girls employed by the Missouri Pacific Lines. The ballet corps is under the direction of trained masters of the art and will interpret a series of dances especially arranged for the occasion.

### Special Drills and Dances

In addition to the Missouri Pacific Ballet, there will be special drills and folk dances, and, of particular interest, a Pickaninny Ballet, staged by the sons and daughters of the colored employees. An exotic Indian Dance Festival will lend atmosphere to the occasion.

### Splendid Scenic Effects

In the presentation of this spectacle no effort has been spared to provide the utmost in lighting effects and in scenic splendor, to the accompaniment of a delightfully entertaining musical score. The lighting, scenery and decorations will transform the stadium into a wonderful open-air theater. Six and one-half carloads of lumber will be used in the construction of the stage.

A complete musical score has been arranged especially for the occasion.

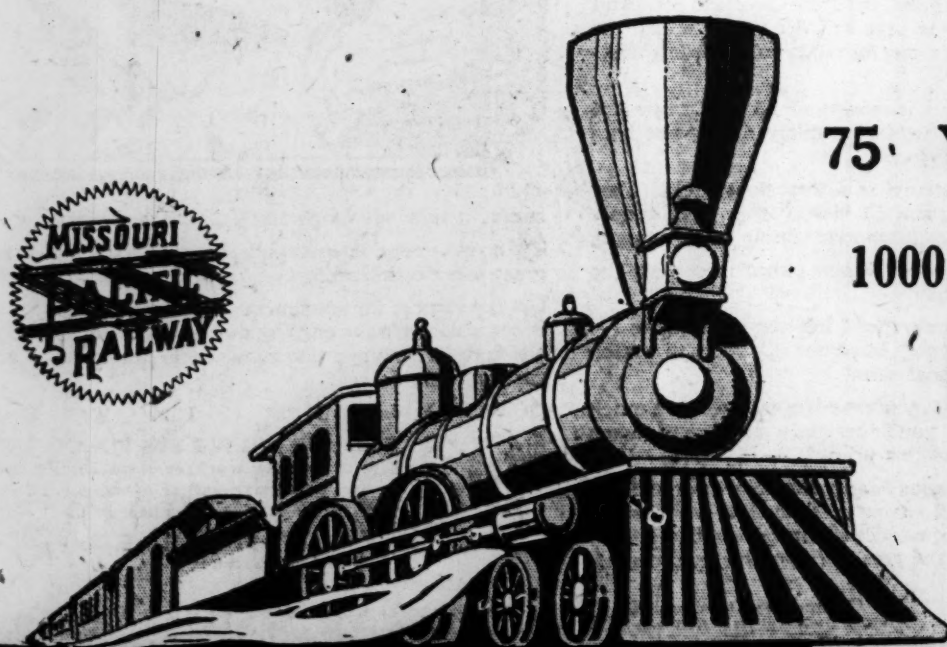

### Enlarged Seating Capacity

The seating capacity of the stadium will be enlarged to accommodate from 25,000 to 30,000 people for each presentation. The latest type of amplifying system will be installed, enabling those far from the stage to hear with perfect ease.

DRIVER WHO FLEES  
CAUGHT AFTER CHASE

Citizen Pursues Man Over South Side Streets After Injury to Pedestrian.

A motorist who ran down a pedestrian at Grand boulevard and Shenandoah avenue at 11:45 o'clock last night and fled from the scene, was captured after a chase of several miles over South Side streets in which he led another motorist back to the scene of the accident, then to a point a few blocks away, where he was apprehended.

The driver who fled was Robert Boston, 26 years old, of 4270 Delmar boulevard. He had struck and critically injured Casper Hartenback, 40, of 2313 Salisbury street, had helped his victim to the curb and then had driven away.

Several witnesses of the accident noted the license number of the machine. Robert Imse Jr., 19, of 2945 Milton avenue, who was following in an automobile, started in pursuit. The chase led south on Grand boulevard to Victor street, east to Arkansas avenue, north to Shenandoah avenue, east to Compton avenue, south to Sidney street, east to Nebraska avenue, north to Russell boulevard, west to Grand, where both drivers turned left at an automatic stop signal, south on Grand past the scene of the accident, to Magnolia avenue, where Boston turned west and stopped.

In the meantime, Ray Wiemer, of 2942 Shenandoah avenue, and Hardy Martin, of 2521 Virginia avenue, had walked to Magnolia avenue police station and reported the license number. As the chase went south on Grand police joined in and arrested Boston. His coat sleeve was blood-stained, the left fender of his car was bent and marked with fresh finger prints, and the left headlight lens was missing.

At the time, Boston denied striking Hartenback but this morning admitted to it. Capt. Agee at Magnolia station. Two men were with him at the time, he said, and they urged him to "beat it."

Hartenback was taken to the City Hospital suffering with fractures of the skull and ribs and internal injuries. Boston was examined by physicians, who said he had been drinking, but was not intoxicated. Capt. Agee said he would apply for warrants charging him with felonious wounding and felonious flight.

Imse, who is the son of Robert Imse, president of the Inland Lumber Co., was modest about his exploit. His family did not know of it until a Post-Dispatch reporter called to question him about it.

"I saw that the man was trying to get away," he said, "so I went ahead and chased him. We went pretty fast, but the streets were not crowded, and I don't think I took any risks."

BENJAMIN F. MEBANE DIES  
AFTER ILLNESS IN NEW YORK

Owner of North Carolina Cotton Mills Was Friend of Queen Marie of Rumania.

By the Associated Press. NEW YORK, June 16.—Benjamin F. Mebane, 60 years old, of Spray, N. C., of which he was the founder, is dead after a short illness at the New York Club. He had come to New York to sail today on the Aquitania to join his wife in Europe.

Mr. Mebane, who established many cotton mills in North Carolina, is said to have left an estate of several million dollars. His wife, became a friend of Queen Marie of Rumania through her activities in raising funds in Virginia and North Carolina for Rumanian refugees.

Funeral services will be held in Spray, N. C., tomorrow afternoon and interment will be at Mebane, N. C., on Thursday.

## OHIO INSURANCE FIRM SOLD

Cleveland Life Absorbed by the Sun Life of Canada.

By the Associated Press. CLEVELAND, O., June 16.—The Cleveland Life Insurance Company has been absorbed by the Sun Life Assurance Company of Canada. Sun Life has assets aggregating approximately \$303,000,000, while the Cleveland Company has assets of nearly \$7,000,000. The Ohio activities of the International concern will be centralized here. Shareholders of the Cleveland Life will receive \$1,350,000 amounting to \$220 a share. Policyholders, both participating and non-participating, will receive about \$1,900,000.

## ACQUITTED OF MANSLAUGHTER

Driver of Auto That Killed Youth

Peter Marino of Collinsville was acquitted of a charge of manslaughter in Circuit Court at Edwardsville, in the case of Otis Sattlemeyer, 17 years old, of St. Louis, who was run over by Marino's machine Nov. 27 last and died. Sattlemeyer had alighted from a truck while a punctured tire was being repaired, and was endeavoring to flag traffic around the truck when he was struck. Marino said he did not see the youth.

Bumper Peach Crop Forecast.

By the Associated Press. CHICAGO, June 16.—Peaches are promising the largest production this season since the great

crop in 1915. The United States Bureau of Agriculture Economics reported, the yield in sight was 59,000,000 bushels, an increase of 12,000,000 bushels over last year. Increases in production of other fruit, also is expected, especially apples and pears.

Try it—

See whether you  
don't agree with thousands  
of women all over ST. LOUIS

SLIP back the gay colored wrapper—  
Cut just one of these fragrant, tender  
slices—touch it with yellow butter....  
Almost before you taste it—when you  
just catch a whiff of its fragrance—you'll  
know why we urge you to try Wonder  
Bread!

For this is not simply a new loaf. It is  
the loaf you have always wanted to buy.  
Its texture is fine. Its slices fit the toaster  
—make dainty sandwiches. And it is so  
high in food value, so delicious in flavor  
that you will want to serve it regularly  
three times a day!

Pure ingredients of the very  
finest quality it is possible to buy  
are used in Wonder Bread. Ingre-

dients selected for their nutritive value and  
baking quality quite as much as for their  
flavor. In the blending of materials and  
the baking of the loaves the most thorough care  
and precision are required to give each loaf  
just the right feathery lightness, the tender-  
est golden brown crust.

St. Louis housewives are turning to this  
new bread by the thousands. We believe  
you'll understand why when you try that  
first slice!

You can get a loaf of Wonder Bread  
always fragrantly fresh from your grocer  
this very hour, for it is baked and  
delivered to him so that it reaches  
your table at the height of fresh-  
ness. Ask him for Wonder tonight.

4 Tests  
of performance  
you should make before buying any car

This Overland Six is offered on the basis that it will out-run, out-pull and out-accelerate any other car of its size, price or class.

We'll place a car at your disposal. Drive and test it yourself. You choose the road. You pick the hill. You fix the traffic post. You name the ruts, the turns, the mud, the sand....

What you'll find will be a revelation. Without side-sway or slipping or wandering... the car fairly hugs the road. You enjoy a surprising feeling of stable equilibrium—its performance will thrill you to the finger tips.

You surely owe it to yourself to find out what this Overland Six offers before buying any car today.

A new departure  
in motor car engineering

This car has tremendous power—performance ability never obtainable in any car of this size or price before. Full 40-horsepower is delivered in a straight line from its low-slung engine through to the rear-axle shaft. The result is a traffic ability that is positively amazing.

It took 2 years to design and build the Overland Six. And in addition 12 months to test it. We doubt if any car ever built received more careful study from the engineering standpoint.

It embodies the major advantages of 18 of Europe and America's finest motor cars plus many others our own engineering experts developed.

The Overland Six will turn in a forty foot circle. Rear springs are underslung and 52 inches long. 141 square inches of braking surface provide an ample safety margin. It has more inside space. More cubic feet than the average car of this price.

The result is ample comfort for 5 full-size passengers... with plenty of room to step in or out... room to stretch your legs with the utmost ease.

The seats are wider, the windows larger, the doors much broader. All features you'll certainly appreciate when you inspect rival cars of this price.

Under ordinary production standards this Overland Six Sedan could not be sold within \$300 to \$400 of its price. Yet, because of the tremendous purchasing power and production facilities of the great Willys-Overland organi-

zation, it now sells for only \$935 f.o.b. factory.

To spend more is extravagance. To pay less means a great sacrifice in comfort and performance.

Get the utmost for your money. Ride in this car... test it in comparison to the value others offer. In fairness to yourself come in and see this remarkable automobile; buy no car until you do.

## OVERLAND SIX SEDAN

The new WILLYS FINANCE PLAN means less money down, smaller monthly payments, and the lowest credit-cost in the industry.

All prices f.o.b. factory. We reserve the right to change prices and specifications without notice.

## Sanctification Through the Holy Ghost

Man is saved by grace without any merit or worthiness on his part. Man cannot save himself because he is spiritually dead in trespasses and sins.

The Holy Ghost through the Gospel creates faith and love in the heart of man. Having thus been brought to faith in Christ, the believer serves no longer sin, but Christ, whom he loves. By these good works, which the Christian does out of love to Christ, he does not save himself, but proves to the world that he is a saved child of God.

Good works are a fruit and evidence of the Christian's saved and consecrated state.

## MEXICAN PROPAGANDA AT CATHOLIC CONGRESS

Booklets Defending Government's Policy to Be Given to Delegates.

Special Cable to the Post-Dispatch and New York World.

Copyright, 1926, by the Press and Publisher Publishing Co., New York World and Post-Dispatch.

MEXICO CITY, June 16.—Extensive propaganda will be carried on by Mexico at the Eucharistic Congress in Chicago. Booklets telling Mexico's side of the Government's policy toward Catholics are being prepared for distribution by agents of the Department of the Interior. The translation of these pamphlets into English is completed.

The booklets contain an analysis of Mexico's reasons for adopting laws against foreign priests and reviews the activities of Catholics below the Rio Grande since Mexico gained her independence. The booklets say that the present administration has finally decided "to unfurl the banner of truth" and let the world know just what Mexico's religious laws are and why the Government has decided to enforce them.

Charges are made that Catholics in the middle of the last century owned one-third of all the real and personal property in Mexico and held mortgages over the rest.

One article deals with the recent arrest of Monsignor Jose de Jesus Marique y Zarate, Bishop of Huejutla, reproducing portions of his pastoral letter. The Government argues that if any clear thinking person reads these statements the conviction will remain that the object of the Bishop was to incite an armed movement in the country and "no one reading these statements and holding any respect for himself or his country can see anything strange in Zarate's arrest and arraignment." The article points out that one "should note the virulent and almost insolent style used by Zarate in his statements."

Other charges are made that Zarate subverted President Calles and that he does not hesitate to resort to calumny when he states that priests had been ousted from their churches by force and with rifle butts, the Government maintaining that he cannot name a single such case.

In answer to Zarate's statement that the majority of the Mexican people have never accepted the present "so-called constitution," the Government argues that there is no clearer indication that the Bishop's intention was to incite disobedience to the country's laws. Zarate is quoted as calling the churches abandoned by priests and now being used as schools as "strongholds of Satan." His words attributing certain statements to "Catholics" are called an "unfounded lie."

**LIFE SAVER DROWNS IN SEWER  
TRYING TO RESCUE WORKMAN**  
New Rochelle (N. Y.) Beach Guard Plunged Into Hole When Rope Breaks.

SPECIAL TO THE POST-DISPATCH.  
NEW YORK, June 16.—Harold O'Connor, 19 years old, member of the United States Volunteer Life Saving Corps was drowned in a sewer in Hudson Park, New Rochelle, yesterday while attempting to rescue Joseph Calibro, 51, who had fallen in while making repairs. The sewer is 30 feet deep and about 100 yards from the Hudson Park bathing beach.

Despite protests of spectators, O'Connor tied a rope around his waist and told some men to lower him. The rope broke. Nothing more was heard from either of the men in the sewer. Presumably O'Connor and Calibro were overcome by sewer gas. Calibro was the father of six children.

**JURY IN DUELL PERJURY**

**CASE DISAGREES, DISCHARGED**  
Former Picture Producer Was Charged With False Statements in Action Against Miss Gish.

NEW YORK, June 16.—The jury in the perjury trial of Charles H. Duell, former president of Inspiration Pictures, Inc., reported inability to agree this morning and was discharged.

Duell was indicted for perjury after an action he brought last year to restrain Lillian Gish, motion picture star, from working for anyone but him was thrown out of court. During the earlier action Duell asserted that he and the screen star had been engaged to be married. Miss Gish denied this. She was not called as a witness in the perjury trial. The jury was given the perjury case yesterday afternoon.

## AUTOMATIC FUEL BURNER

# Backed by Over Half a Century's Experience

This Is the Oil Burner People Are Looking For

It is hung on the fuel door—off of the floor—thus making it easy to keep the basement clean.

No grates are removed, no bricking up, the heating plant is not changed in any way. Oil fuel, with its automatic features, is simply substituted for coal or coke. In case of a breakdown in electric power, wood or coal can be burned in regular manner.

It can be used as an incinerator for refuse or trash.

Its fully automatic and safety features are based upon the natural laws of heat. There

are no complicated gears, pumps or shafts to get out of order or small openings to clog up.

It is backed nationally by the Round Oak Stove & Heating Co., of Dowagiac, Mich., the largest company of its kind in the United States, with fifty-five successful years' experience in the heating business. Their unlimited resources in engineering and finance are behind the Burner. The Morton Electric Co. is behind it locally for installation and service.

There is no Oil Burner on the market that has these outstanding features, therefore we can truthfully say:

This Is the Oil Burner People Are Looking For

**\$50.00 DOWN** LESS THAN THE COST OF A LOAD OF COAL

Will Put the Round Oak Summerheat Burner in Your Home. The Balance Can Be Paid in Easy Monthly Payments.

## RAILWAY HEAD TELLS HOW CITY CAN USE FREE BRIDGE TO LOOSEN TERMINAL'S GRIP

C. B. Fox of Alton & Southern Suggests Building Southern Approach and Connection With Missouri Pacific.

A plan for putting the railroad deck of the municipal bridge to work in a way that would threaten, perhaps destroy, the high, monopolistic tariff charge imposed by the Terminal Railroad upon all freight crossing the river, was outlined today by C. B. Fox, president of the Alton & Southern Railroad, an East Side belt line, in a letter to Mayor Miller. Fox suggests that the city build the southern approach to the bridge as directed by the voters in the \$57,000,000 bond election.

1. Permit the Alton & Southern to build two tracks in Gratiot street, connecting the western terminus of the bridge with the Missouri Pacific main line, and the southern approach to the bridge at Fourteenth street.

2. Fox predicted these extensions of the bridge would result immediately in the handling of a large volume of freight across the bridge at a cost not to exceed \$1 a car, compared with the present Terminal charge of \$10 to \$12 a car. Neither expensive, nor difficult, these measures would tend to revolutionize the terminal situation.

3. Roads to Be Served. The Alton & Southern connects all the trunk line railroads at St. Louis from the east and is itself connected with the municipal bridge.

4. The southern approach would connect with the Missouri Pacific Iron Mountain line and the Manufacturers Railway, a West Side belt line serving 275 industries.

5. The Missouri Pacific has, at Twenty-third, an interchange with the Rock Island and Wabash, which thus would be linked with the bridge by the Gratiot street extension.

Hence the practical result achieved would be the cheapened movement of freight from any point in the east, across the municipal bridge to all points south, westward and westward. By three major trunk lines, the Missouri Pacific, Rock Island and Wabash.

"(b) The charge per car to be established by setting up interest on the value of the railroad portion of the bridge plus the cost of maintenance, plus depreciation, plus all other costs incident to the running of the bridge.

"When the bridge is used by all the traffic that should use it, the volume will be sufficient so that a charge of approximately \$1 per car will take care of the above accounts for interest, maintenance, depreciation, etc., but in the beginning when only a small amount of traffic uses the bridge, the cost per car would be entirely too high if the total cost were divided by the number of cars actually moved over the bridge. It is, therefore, suggested that the following charges be made in the beginning until the total revenue at these charges equals the total monthly cost, after which the total monthly cost should be used as a basis:

Loaded freight cars, \$1.00 per car  
Empty freight cars, .50 per car  
Passenger cars, .15 per car  
Locomotives, 2.00 per car

6. Track Extensions Proposed. "The city of St. Louis should give the Alton & Southern Railroad a permit to lay two tracks in Gratiot street from Eighth street to connection with Missouri Pacific tracks at Fourteenth street. No grade crossings are involved in this instance.

As an alternative to this, the city of St. Louis might extend the present municipal bridge approach tracks in Gratiot street from Eighth street to Missouri Pacific tracks at Fourteenth street and operate these tracks in Gratiot street as part of the municipal bridge approaches.

"In order to get the maximum service from the municipal bridge and serve the important industrial district in South St. Louis, the city should proceed as expeditiously as possible to build the south approach for which bonds have already been voted.

"Under the above conditions, the Alton & Southern would in all likelihood put a good deal of traffic over the bridge, first, to interchange with the Missouri Pacific; second, through the Missouri Pacific to the Wabash and Rock Island at Twenty-third street, and later through the south approach to the Manufacturers Railway at South St. Louis. We would also expect that when the suggested terms for the use of the bridge were adopted by the city that other East St. Louis railroads will use the Alton & Southern as an approach to the bridge, and that the Terminal Railroad itself recognizes the justice of this method by employing it in billing its constituent roads for use of the Union Station.

## HAWES STATES HIS POSITION ON LIQUOR QUESTION

Would Modify Volstead Act but Only "Within the Constitution" and to Promote Respect for Law.

IS OPPOSED TO THE 18TH AMENDMENT

Candidate for Senate Admits He Is a "Wet" but He Also Is for Law Enforcement.

Post-Dispatch Bureau 20-23 Wyatt Building. WASHINGTON, June 16.—Representative Harry E. Hawes of St. Louis, candidate for the Democratic nomination for the United States Senate, last night gave out a statement of his attitude toward the wet and dry question. He took a shot at Senator Williams, Republican candidate, by expressing the assumption that in due course this undecided candidate would likewise express his views on the subject.

Hawes made his statement, he said, "in order to clear the situation," though he felt that such a statement was unnecessary in view of his Congressional record and his "quiet acceptance of the designation 'wet.'"

Summarizing his thought, Hawes said that he was for modification of the Volstead act, "without restoring the saloon, within the limits set by the Constitution."

Obstacles to Repeal. While announcing himself as "in principle" for repeal of the Eighteenth amendment, he set out the practical difficulties in the way of the repeal and said he would continue to support "enforcement measures which respect the rights of individuals under our Bill of Rights."

"The complete statement is as follows: 'More than a year ago, when I began a personal canvass of Missouri to determine whether I would become a candidate for the United States Senate, I took it for granted that the Democratic leaders of the State, both 'wet' and 'dry,' were practically all of the Democratic voters knew my position in the matter of prohibition.

"I appealed to fellow-Democrats to unite on fundamental Jeffersonian doctrines. These I considered strictly party issues upon which all Democrats could agree. And during the past there have been enlisted in my active support throughout Missouri Democratic leaders who have been, in the past, divided upon matters not strictly of a party character. They are, exactly my stand on prohibition. I have received their cordial support because of their interest in the broader issues and their general interest in party success.

## Princes of Church to Take Part in Consecration of Cathedral Here

Magnificent Procession Which Will Be Climax of Eucharistic Congress Will Be Duplicated at Ceremony, June 29.

Cardinal Bonzano, Papal Legate, and Prelates From Abroad to Attend Centennial of St. Louis Diocese.

FOR one evening, that of June 29, a little part of St. Louis will form a Sacred Way, the route of a procession reminiscent of the Old World and of the Age of Faith.

Cardinals, Bishops, priests, monks and seminarians will move in solemn and many-hued array, in the open-air eucharistic ceremony which will complete the consecration of the Cathedral, and will preface the celebration, on the following day, of the 100th anniversary of the establishment of the St. Louis diocese.

Those who gather along Lindell boulevard, on the block west from the Cathedral to the Archbishop's residence at Taylor avenue, and along Taylor north to the Sacred Heart convent at Maryland avenue, will view a scene transcending the pageantry of "The Miracle," which St. Louis admired and discussed last winter. It will be a duplicate of the great procession which is to climax the international eucharistic congress in Chicago next week.

Solemn Ecclesiastical Pageant. Past dwellings draped with the papal yellow and white, and under brilliant lights shining through the same colors, the line of 500 or more clerics will pass. Led by a cross bearer, the choir and altar boys will form the head of the procession, in which will appear successively the white surplices of seminarians and priests, the brown cowls of monastic groups led by mitred abbots, the purple of monsignors, the gilded robes and croziers of Bishops and Archbishops, and finally the crimson-caped princes of the church, each with attendant train, and the silken baldachin, supported by four priests in cloth of gold, carrying the eucharistic object of devotion.

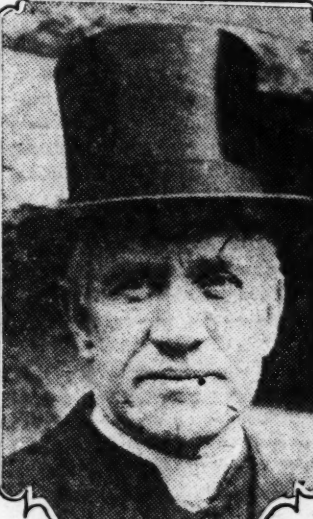

Incessant fume from censers carried before the sacred host, and children, lining the way on either side, will sing and strew flowers as the robed ecclesiastics proceed. At an altar on the Archbishop's lawn, then to the convent grounds, and in the traffic-free roadways as the benediction of the blessed sacrament is bestowed at the archiepiscopal residence and at the convent, thousands of visitors will chant the Latin hymns "O Salutaris" and "Taantum Ergo."

The ceremonial here will not be a mere borrowing of grandeur from the Chicago event. The centenary of the St. Louis diocese falls exactly on July 2, would be celebrated at about this time, even if no Congress were held in Chicago; and the consecration of the Cathedral, now in use nearly 12 years, and enriched with a wealth of mosaic art, would appropriately accompany the centenary. But the nearness, in time and place, of the Eucharistic Congress makes it possible to bring here members of the College of Cardinals, from European countries, who otherwise might not be in the United States at this time.

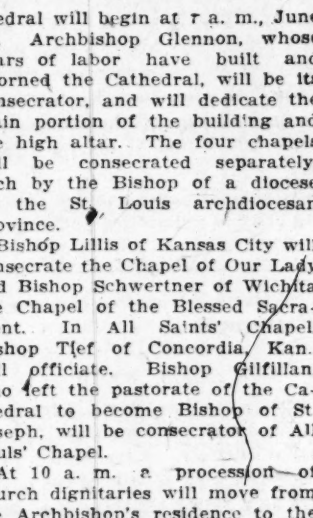

Noted Prelates to Attend. Wearers of the red hat who are expected to attend the two-day ceremony here are Louis Cardinal Dubois, Archbishop of Paris; Michael Cardinal Faulhaber, Archbishop of Munich; Patrick Cardinal O'Donnell, Archbishop of Armagh and Primate of all Ireland; Patrick Cardinal Hayes of New York, and John Cardinal Bonzano, Papal Legate to the United States. It is probable that others of the Sacred College, attending the Chicago gathering, may accept Archbishop Glennon's invitation to visit St. Louis. The coming of Cardinals Faulhaber and Hayes will be in nature of return visits, both having been here in recent years. The two-day celebration will be prefaced, in the late afternoon of Monday, June 28, with the arrival of the Papal Legate, Cardinal Bonzano. Coming from Chicago, as is expected, in the red special train aloft is to carry him from New York to the Eucharistic Congress. The Legate will be received at the Union and Lindell boulevard railroad crossing, and will be escorted thence to the Archbishop's residence. Decorations will be placed along Lindell, from Taylor avenue to Union, in honor of the visitor. He has been here previously, but this will be his first appearance here as a Cardinal.

## SHARP REPLY MADE TO MELLON ON FARM BILL

Iowa Congressman Warns That "Iowa Thunderbolt Is Merely Sheet-Lightning of Coming Storm."

FARMER WANTS G. O. P. "TO PLAY SUARE"

Iowan Denies Secretary's Assertion That Consumer Would pay Equalization Fee Proposed in Bill.

By the Associated Press. WASHINGTON, June 16.—Secretary Mellon's opinion on the equalization fee plan of farm relief, now pending before the Senate in the McNary bill, brought a sharp retort today from Representative Dickinson (Rep.) of Iowa.

"At last the administration is out in the open," he said in a statement given to the Associated Press. "When the statement of Secretary Mellon is stripped of all specious pretexts, it means that the interests for whom he speaks are not willing that the protective system shall mean anything for the American farmer."

The Secretary's opinion that the proposal is economically unsound and unworkable, would provide no permanent benefit for American farmers, would "subsidize" America's foreign competitors and would increase the cost of farm products to American consumers, was written as the opponent of Representative Dickinson, Representative Anthony (Rep.) of Kansas, and Chairman Haugen of the House Agricultural Committee.

Considerable importance has been attached to Mellon's declaration in the Capital, where the economic principles he opposes already have been defeated in the House and are approaching a vote in the Senate. One view was expressed in the Washington Post this morning, which quoted Representative Haugen, who sponsored the bill in the House, as saying:

"There is no use to make any further drive for farm relief now. We have had our day in court."

Iowa's Thunderbolt. Dickinson described as "absolutely without warrant" the Secretary's statement that the equalization fee, while technically to be paid by the farmer, would be paid by the consumer, and said his purpose evidently was "to solidify opposition to the bill, especially among working men of the country." Mellon's arguments, he added, sounded "strangely like those of Mr. Hoover," the Secretary of Commerce.

Obviously referring to the defeat of Senator Cummins for former Secretary Brookhart, insurgent, in the recent Republican primary in Iowa, Dickinson declared that if the Mellon view "is the verdict of the administration, then the thunderbolt that came out of Iowa the other day is merely the sheet lightning of the coming storm."

Burdens placed upon them by the Fordney-McCumber tariff act, the arbitrary wage scales of labor, the Adamson eight-hour railroad labor law and the immigration act, he said, have been borne by the farmers "without audible complaint," because they were "aided to be necessary for the protection of industry and labor."

"And now," he went on, "Secretary Mellon has the effrontery to demand that not only shall the farmer continue to carry these enormous burdens, but that he shall also continue to feed the consumers of this country as cheaply as those of Europe are fed, against where cheaper merchandise and laborers the tariff and the land-laborers act have erected a Chinese wall of exclusion. The cruelty of this suggestion is astounding."

Disputes Mellon's Argument. Assailing the opinion that the equalization fee would increase costs to consumers, he said, "If the proposed Federal Farm Board should collect through the flour mills of the country, a fee of 10 cents a bushel on wheat to make up the loss on the exportable surplus, and if the flour-mills in turn subtract this fee from the current price paid to the farmer, then by what stretch of the imagination does the Secretary assert that it will be paid by the consumer?"

"If it is a crime to charge the consumers of this country a reasonably higher price for food as well as industrial products, than the consumers of Europe pay," he continued, "then is it not a greater crime to force the 25,000,000 people who live upon the farms to absorb their full share of the tremendous burdens of the Fordney-McCumber tariff without the slightest offset against these burdens?"

In this connection, the suggestion that foreign industrial costs would be lowered through the Haugen bill is absolutely untrue, for European costs would be lowered.

The lighting was crude, and the

# HAWES DEFINES HIS POSITION ON LIQUOR QUESTION

Continued from Page 18.

has four candidates, and, with the exception of one of the Republican candidates, all, either by public record, or statements since the primary began, have taken a position

on the understandable position, and I assume that in the course of time this undecided Republican candidate will make a frank statement on both the subject of an amendment to the Volstead act and the eighteenth amendment.

"While I consider it entirely unnecessary for a statement to be made by me, in view of my record in Congress and my quiet acceptance

of the designation "wet," nevertheless, to clear the situation, I can state my thought in one paragraph.

"I favor such change of the Volstead act, without restoring the saloon, within the limits set by the Constitution, as may be necessary to secure for law enforcement a more united support of public opinion to remedy the present evils of disrespect for law, and to make the act, so far as possible, conform to the democratic principles of local self-government and the reservation by the states of the regulation of their own police power.

"Few persons give detailed thought to this subject, or seem to understand even the difference between the constitutional amendment and the Volstead act. Natural confusion has been increased by deliberate attempts to muddle and deceive. This subject naturally resolves itself into three parts: Law enforcement, the Volstead act and the eighteenth amendment.

"Failure of law enforcement and disrespect are today among the greatest weaknesses in our national life. They are subjects requiring the best thought of our people. Their solution will mark a supreme test of efficient government. The present failure to enforce the Volstead act in many communities, particularly in the large cities, is bad enough, but the example set in this respect has tended to break down respect for all laws; it has become a menace to public safety and threatens our public welfare through the breaking down of community morals.

"I believe that a change in the Volstead act would materially assist in outlawing the enormous bootlegging industry which has grown so powerful and extensive in our country, and would aid in the suppression of lawlessness and intemperance.

Limitation of Amendment.

"It must be admitted by prohibitionists, as it is by all scientists and physicians, that the present limitation of one-half of one percent is not the limit of a non-intoxicating beverage. Congress, without satisfactory reasons, arbitrarily fixed one-half of one percent without reference to the limitation of the Eighteenth Amendment. No one will assert that the amendment ever contemplated the prohibition of beverages which do not intoxicate. An increase in alcoholic content, which will not in fact intoxicate, will, in many communities, make a matter of practical enforcement, a matter of evidence, and susceptible of proof; but in fairness it should be admitted that the statute of enforcement should forbid not more than the constitutional amendment prohibits.

"There is prospect of a rational amendment of the Volstead act within the constitutional limit, but it is not fair for anyone to arouse false hopes for any immediate change in the Eighteenth Amendment. It cannot be repealed or amended excepting by the votes of two-thirds of the House of Representatives, two-thirds of the United States Senate, and then must be ratified by three-fourths of the states. Thirteen small states, which have a combined population less than the single State of New York, can prevent repeal.

Supports Legal Enforcement.

"While not at this time a practical question, as the Eighteenth Amendment has written statute law into the Constitution, depriving Congress of its discretionary judgment, and as it admittedly takes from the states the right of local expression, I am in principle opposed to it. But the Eighteenth Amendment is now a part of our Constitution and during three terms in Congress I have voted for enforcement of the amendment, and will continue to support all enforcement measures which respect the rights of individuals under our Bill of Rights.

"I am unalterably in favor of the enforcement of the Constitution and the laws of Missouri. A citizen may be opposed to certain laws upon our statute books and advocate their repeal, and this is undoubtedly his privilege; but if individual judgment as to whether a law should be obeyed were permitted unbridled control, it would violate the first principles of orderly government."

MUNICIPAL LEAGUE LUNCHEON

Program for National Convention Here Discussed.

The program of the thirty-second annual convention of the National Municipal League to be held here Nov. 8 to 10, was discussed yesterday at the Missouri Hotel at a luncheon in honor of H. W. Dodds of New York, secretary of the league. Representatives of local civic and commercial organizations were present.

Among the topics favored for discussion at the convention were: "City-County Consolidation," "State Administration Reorganization," "Paying for Public Improvements," "Economy in Municipal Government," "The City Trust," "Beautifully," "Smoke Abatement," and "Improvement of Public Health Administration."

SCHOOL PICNIC SATURDAY

Custom Maintained 40 Years to Be Observed in Carondelet Park.

More than 2500 school children of Carondelet, Lyon, Blow and Des Peres public schools, will hold a joint picnic in Carondelet Park Saturday, maintaining a custom observed annually for 40 years. The picnic will begin at 8:30 a. m. with a parade by the children, led by a 20-piece band. Soldiers of Jefferson Barracks will be color guards and a flag will be presented to Carondelet School by Gen. C. D. Wolff Camp, No. 5, Sons of Union Veterans. Contests and games will be held in the afternoon.

## The proper care of your teeth and gums

So much depends  
on this one tooth!

AFTER the twenty temporary teeth are in place, another one appears unobtrusively back of them. Often it is mistaken for one more baby tooth, and as such, neglected. While a matter of fact, it is the six-year molar, the most important tooth of all.

The reason for its importance is that it assures proper relationship between the upper and lower jaws, and determines the proper forward growth of the bones of the jaw. Yet this all-important tooth is frequently lost by contact with decaying baby teeth.

This is but one reason why it is so necessary to protect baby teeth with a safe, effective dentifrice. Squibb's Dental Cream protects against decay. For decay is caused by acids which form in the mouth. Squibb's Dental Cream contains more than 50 percent of Squibb's Milk of Magnesia—a safe, effective antacid. Particles of the Milk of Magnesia penetrate into the crevices along The Danger Line—where gums and teeth meet, and where tooth-brushes cannot reach. These particles remain in the mouth, neutralizing dangerous acids for a considerable time after use.

Millions of mothers have found that Squibb's Dental Cream, made with Squibb's Milk of Magnesia, is best for children, as for grown people. Squibb's Dental Cream is pleasant to use. Children love its flavor. At drug stores—only 40 cents a large tube.

## SAINT-LOUIS WOMAN TELLS REMARKABLE STORY

Advises All Who Suffer from Constipation and General Run Down Condition, to Try the Great Herb Extract Remedy Known as Herb Juice and Be Relieved as She Was.

"Your Herb Juice has done me so much good that I feel like an entirely different person and I feel it my duty to come down and join the throng of Herb Juice boosters."

MRS. ANNA FLEISCHER

said Mrs. Anna Fleischer, who resides at 1500 South Seventh street, St. Louis, Mo., when she called recently to see the special demonstrator at Walgreen's drug store. "I certainly was the victim of considerable ailments before taking Herb Juice," continued Mrs. Fleischer. "I suffered dreadfully from constipation, as well as the many ailments which accompany constipation, such as indigestion, dreadful backaches, dizziness and nervousness, and my sleep was badly broken. It is useless for me to tell you that one with these varied ailments suffers considerably. Of course, these ailments were caused from my constipated condition, and regardless of what I took, it seemed that there was not anything that reached the seat of my trouble in order to remove the cause. I was just in a general run-down condition. Although I had temporary relief from a number of remedies, which I used, but just as soon as I stopped taking them I was just in the same condition as I was before

hearing it praised so highly on all sides. I decided to try it myself. And I am very thankful, indeed, to tell you that it has done more for me than all the other remedies I have ever tried put together. I do not feel that I will ever get through praising it, because it has done me so much real good. My constipation has disappeared and along with it the aches and pains, dizziness, nervousness. I now sleep peacefully at night as I am in normal health again. I am sure that Herb Juice will do the same for anyone with similar ailments, that it has done for me and I urge everyone suffering as I did try it. This great laxative medicine is an Herb Extract preparation, known as Herb Juice and is out-selling any medicine where it has been introduced. Many are calling daily to see the special demonstrator at Walgreen's Drug Company, 514 Washington avenue, giving statements for publication, praising this great remedy that their friends may be induced to try it.

Nothing can be taken on  
approval in this sale.

## Never Before! A Marble Base Lamp of This Character at Such a Low Price

Your Choice of  
Bridge or Junior

**\$9.25**

For Thursday and Friday Only

Summer is a dull season for lamp manufacturers and in order to keep their plants running they are willing to sell at very low margin of profit. That explains the extremely attractive price at which we are able to sell these beautiful lamps. If you were to buy these in the Wintertime you would pay a great deal more for them. Read the full detailed description to the right and come in Thursday or Friday and profit by these bargains.

### Specifications:

These lamps are all-metal polychrome with a genuine Italian marble base in various colors of marble. The standards are fluted with ornate finials and chased metal work decorations. Equipped with ball socket socket. These lamps are of a quality that ordinarily sell at \$20 to \$30. Be sure to see them.

You have a wide range of choice in Shades, to fit in many colors and shapes. The Shades as illustrated are priced special. The Bridge Shade at \$5.00. The Junior Lamp Shade, special at \$7.50.

(Lamp Shop—First Floor)

**24 MEN URGE U. S. TO BUILD ON SITE ON FOURTH STREET**

Representatives of Banks and Businesses East of Eighth Street Appeal to Congressmen.

NO ACTIVE SUPPORT FOR PLAZA LOCATION

Federal Structure on Chestnut Will Bar Proposed Mall From Twelfth Street to River.

Twenty-four spokesmen of St. Louis banks and business interests joined in a telegram which was sent yesterday to Senator Williams, St. Louis Congressman and Congressman Madden of Illinois, chairman of the House Appropriation Committee, insisting on the Government's use of the site already owned at the southeast corner of Fourth and Chestnut streets for the projected new Federal Building.

There has been some talk of the possibility of changing the site, but no organization or interest here has taken the question up affirmatively. It has been suggested that a site facing on Memorial Plaza should be obtained, since that was mentioned in the campaign to pass the city bond issue of 1923.

The City Plan Commission has proposed a mall to run from Fourth street to the river, between Chestnut and Market streets, with which a Federal building on the Fourth street site would interfere.

Nothing Done About It.

The commission has offered its services in a survey for a new site, saying the present one would interfere with the mall scheme. The late John H. Gundlach, advocating the river-front development, had sought to organize sentiment to locate the Federal office structure elsewhere.

Yesterday's telegram to the representatives in Washington was arranged by the City Improvement Association, comprising owners of property east of Eighth street. Its text follows:

"The undersigned citizens, who are very much interested in the affairs of the city of St. Louis, are extremely concerned over recent news dispatches indicating that there is a possibility of the Government selecting a new site for its proposed office building in lieu of the site it now owns at the southeast corner of Fourth and Chestnut streets. Having full knowledge that the Government is interested in providing proper facilities for the transacting of its business in St. Louis, it is our sincere hope that such a matter before arriving at any definite decision regarding a new site.

"We feel that the Fourth and Chestnut street site is ideal because it fronts on an 80-foot street and a 40-foot street which at the time of purchase was one of the principal reasons for selecting the site; because it is within the office building and financial district, in which are located the Federal Reserve and Federal Land Banks; also within two blocks of 14 principal street car lines and all bus routes looping in the business district; also at the present time there is within convenient distance garage and open lot parking facilities for 1800 automobiles in addition to which city officials have plans under study which it is estimated will provide parking space for 2000 additional automobiles.

"While the Government cannot concern itself with such a problem we feel that for the best interests of St. Louis it is of the highest importance that the downtown district of this city be stabilized in every way possible, and the moving westward of such an important activity would be a very serious thing. Aside from this we would like to impress upon you that it is our opinion that the Fourth and Chestnut streets site would best serve the citizens of the community. In addition to which the fact that the site is now owned by the Government makes it possible to utilize it without undue delay, and we can think of no sound reason with the advantage offered by the present site, for spending an additional \$500,000 for another site."

**Fascists Simplify Elections.**  
Special Correspondence of The Post-Dispatch.  
ROME, June 15.—The Fascist have found what is probably the simplest method of winning elections ever invented. It is the recent municipal elections of Lecce, according to the report published by the official party organ, the opposition parties sought to present a list of candidates. "But," adds the paper, "this maneuver was promptly foiled by the competent authorities." The "authorities" were the police, who simply arrested the candidates.

### FORITCHING TORTURE

Use Antiseptic Liquid Zemo  
There is one remedy that seldom fails to stop itching torture and relieve skin irritation, and that makes the skin soft, clear and healthy. Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, Itch, Pimples, Rash, Blackheads, in most cases quickly give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid that may be applied at any time, for it does not show. Ask your druggist for a small size 60c or large bottle \$1.00.

## ADVOCATES OF IMPROVEMENT OF UPPER MISSOURI HEARD

Project Pictured as One of Chief Hopes of Middle West Agriculture.  
By the Associated Press.  
WASHINGTON, June 16.—A project to improve the Missouri River from Kansas City to Sioux City was pictured as one of the chief hopes of agriculture for salvation from the present economic state by witnesses before the Senate Commerce Committee which held its second late session this week to speed up the rivers and harbors bill.

The Missouri River project was included in the measure as the result of a mandate from the people of the Middle West. Representative Ellis (Rep.) of Missouri told the committee. The improvement, he said, would give the Western corn, winter and spring wheat belt farmers an outlet at lowest cost to Pittsburg, the open seat and food-buying markets of the South.

C. E. Childs, traffic manager of the Omaha Chamber of Commerce, said authorization of the project would be a greater contribution to aid the farmer than any relief Congress would grant at this time.

Only 10 per cent of the river needs improvement, Representative Ellis declared, the rest being navigable. "If we are going to put millions and millions of dollars annually in the Mississippi system," he declared, "we will be the most wasteful legislative body in the world, unless we carry it further and complete the channel above Kansas City."

He estimated it would cost \$25,000,000 at the most, and added that if it cost \$50,000,000, no \$50,000,000 could be spent anywhere for greater benefit to more people than in Missouri. He opposed the amendment by Chairman Jones to authorize expenditure of \$5,000,000.

## FILIPINOS FAIL TO INDOOR FIRESTONE'S RUBBER PROJECT

Action of National Supreme Council Indicates Legislature Won't Accept the Proposal.

By the Associated Press.  
MANILA, P. I., June 16.—The plan proposed by Harvey Firestone Jr. for large scale development of Philippine land for rubber production has failed to receive the support of the National Supreme Council, a coalition of representatives of political parties. This indicates that the proposal will not be favorably considered at the next session of the Legislature at which other plans probably will be submitted. Firestone suggested that public lands be leased for cultivation of rubber for periods of 50 or 75 years, in tracts of 500,000 or more acres.

## SEVEN LAWYERS TO DRAFT EAST SIDE TRAFFIC LAW

Committee Named at Meeting of Mayors From Towns in Madison and St. Clair Counties.

A uniform traffic speed ordinance, to be adopted in Madison and St. Clair Counties, Illinois, will be drafted by a committee of seven attorneys appointed yesterday at a meeting of the Mayors of towns and villages of the two counties, at East St. Louis City Hall.

The committee, headed by A. C. Gauert, president of the St. Clair-Madison Regional Planning Association, was instructed to provide for a 15-mile speed limit in business and school districts, a 20-mile limit in residential districts, and a 25-mile limit elsewhere. The ordinance will be presented for approval at the next meeting of the Mayors.

## SEEK RADIO STATIC CAUSE

Scientists' Efforts Discussed Before Engineers' Club.

Determination of the causes of static interference with radio transmission is one of the possibilities that may result from present efforts of scientists to make deeper analysis of inanimate matter, Dr. Dexter S. Kimball, dean of the College of Engineering of Cornell University and president of the American Engineering Council, said last night in an address before the Engineers' Club at the Buckingham Hotel.

The meeting marked the announcement of new officers of the club. They are: J. D. Robertson, president; W. W. Horner, first vice president; A. S. Hawks, second vice president; T. C. Woremann, third vice president; W. O. Pennell, treasurer, and C. W. S. Sarnellman, secretary.

## The New Cabinet Kelvinator

WHEN Union Electric, after careful tests, chose Kelvinator to sell our customers, the choice was made because things electrical sold by Union Electric must give the very highest degree of service. And now, Kelvinator has produced something even better—at prices that set a new standard of value in the electric refrigeration field. A complete line of Cabinet Kelvinators—cabinets

your home complete, ready for the electric connection. The cabinets are available in a number of sizes and finishes—9 models in all. They are of the famous "Leonard Cleanable" construction, which for 44 years has been a leader among refrigerators. The Kelvinator installed in each cabinet is the same wonderful Kelvinator that has been recognized as the world's standard system of electric home refrigeration—the same Kelvinator that is giving hundreds of St. Louis homes perfect refrigeration—preserving foods better—protecting health—giving greater convenience and leisure.

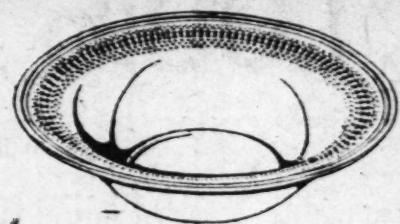

Union Electric has made Kelvinator easy to buy—just a small payment down and easy payments on your electric light bills.

Telephone Main 3220—Ask for Kelvinator Department—with-out obligation we will be glad to tell you more about Kelvinator.

## Nervous W Should Try

Mrs. Lela Cook was nervous and short of breath for 12 years due to gas on the stomach. She tried the mixture of buckwheat bark, sassafras, etc. (known as Adierka) and it helped at once.

Many people keep the OUTSIDE body clean, but let their INSIDE body starve for gas and poisons. Give the inside a REAL cleansing with the mixture of buckwheat bark, sassafras, etc. as sold under the name of Adierka. This acts on BOTH upper and lower bowels, eliminates morbid poisons and removes old matter which you never thought was in your system, and which caused your stomach, nervousness, sleeplessness, headache, etc. Whenever you eat too much heavy food, gas and leave you feeling fine. ONE powerful relieves GAS and takes away that full bloated feeling. Even if your bowels move every day, Adierka brings out much additional matter which might cause trouble. Don't waste time with pills or laxatives.

Nervous Women  
Should Try This

Mrs. Lela Cook was nervous and short of breath for 12 years due to gas on the stomach. She tried the mixture of buckhorn bark, glycerine, etc. (known as Adierika) and it helped at once.

Many people keep the OUTSIDE body clean, but let their INSIDE body stay full of gas and poisons. Give the inside a daily cleansing with the mixture of buckhorn bark, glycerine, etc., as sold under the name of Adierika. This acts on BOTH upper and lower bowel, eliminates metabolic poisons and removes old matter which you never thought was in your system, and which caused sour stomach, vertigo, sleeplessness, headache, etc.

Whenever you eat too much heavy food, Adierika REMOVES the undigested surplus and have you feeling fine. ONE spoonful relieves GAS and takes away that full, bloated feeling. Even if your bowels were every day, Adierika brings out much additional matter which might cause trouble. Don't waste time with pills or tablets, but let Adierika give your stomach and bowels QUICK relief.

What Doctors Say

Dr. G. Ezzers reports Adierika is the best medicine he had used in 37 years.

Dr. W. H. Bernhart writes he could not get along in his practice without Adierika. Says he knows no medicine better than Adierika.

Dr. L. Langlois prescribes Adierika regularly with GOOD effect.

J. E. Puckett writes: "After using Adierika I feel better than for 20 years. Adierika is a big surprise to people who have used only ordinary bowel and stomach medicines because of its REAL and quick action. Sold by leading druggists everywhere. In St. Louis by Wolff-Wilson Drug Stores, Enderle Drug Co., Johnson Bros. Drug Co. and other leading druggists.

JUNIOR LEAGUERS REALLY  
WORK; RECORD PROVES IT

Supplying Towels to Ford Company and Running Hotel Part of Activities.

By the Associated Press.  
NEW YORK, June 16.—Many American society women work, as evidenced in the strenuous tasks performed by the Association of Junior Leagues of America.

supplying towels for the Henry Ford Motor Co., complete charge of the winery of a hospital, and running a hotel for working girls, are just a few of their achievements, as pointed out by Mrs. Carleton Palmer, new president of the association.

The children of Chicago five years ago were given the benefit of a theater, through the aid of that particular branch of the league. Its success meant the establishment of several more, and Brooklyn will have the benefit of its first one next year.

The organization is divided into several sections, covering the entire country, and each has certain work that it performs, from the caring of day nurseries, clinics, teaching, and to office work, managing playgrounds and editing bulletins.

In New York the working girl has the advantage of a hotel through the efforts of the members. Exquisite laces, linens, shawls, scarfs, towels, in fact anything hand-made usually is purchased from foreign women by the Detroit League. These in turn often are exhibited or sold to department stores.

Their amateur theatrical productions often prove so successful that they are staged professionally. The League's Day Nurseries Associations sometimes are taken over by the city in which that particular work is being done.

SPENT \$800 ON WEDDING  
SAYS BANKRUPT CANDY MAN

Achilles Karakas Testifies At Hearing Forced by Creditors Claiming \$14,000.

The expenses of matrimony proved too big a handicap for his candy manufacturing business, Achilles Karakas, president of the defunct Karakas Candy Co., 315 South Seventh street, testified in the bankruptcy of his concern yesterday.

"I spent \$800 just for the wedding party when I got married last year," Karakas told Referee Coles. He admitted that even before the expenses incident to matrimony were incurred he had been losing money "little by little." Referee Coles remarked that he thought Karakas had been losing "big by big," inasmuch as he claims to have invested \$8000 when he started the business in 1922 and had but \$5 cash when creditors holding claims totaling \$14,000 put the concern in bankruptcy April 19, last. In addition to the \$5 cash Karakas lists other assets to the sum of \$6000. The assets were reduced some \$500 worth through a robbery at the candy company about June 4.

The hearing was continued to allow further investigation by the Trustee, John Reardon.

Boy Scouts Balk Fascists,  
Special Correspondence of the Post-Dispatch.

ROME, June 7.—The Catholic Boy Scout movement in Italy, under the patronage of the official "Azione Cattolica," or League for Social Work, is as yet showing no signs of succumbing to the fascist effort to swallow it. Despite the government decree which placed the physical education of Italian youth, both in and out of school, in the hands of the Fascist militia, or Children's society, and which on paper threatened to put the Catholic organization almost out of existence, the latter continues to prosper.

## NO-MO-NOX

The Safe Way to Improve Gasoline  
Read This Certified Test:

This is to certify that the following test was made Wednesday, June 9th, in a Gardner Eight Touring Car, operated by a mechanic furnished by the Gardner Motor Car Company. A gallon can was superimposed on the carburetor and the supply from the gas tank shut off.

Under these conditions on a straight highway, with ordinary gasoline, the car obtained 15.2 miles to the gallon of gasoline. With NO-MO-NOX added to the gasoline, the test being conducted under exactly the same conditions save that on the end of the run the car was forced to go through traffic, the car obtained 17.1 miles to the gallon of gasoline. An increase of 13%.

We hereby swear that we attended this test and witnessed the performance of this car, and that the foregoing is correct.

Stuart Stickey of Stickey-Danby & Co.  
J. H. Frier, Jr. of Frier-Sturges, Inc.  
John J. Garland of the Garland Products Co.

**NO-MO-NOX is:**  
An absolutely safe liquid—non-inflammable—non-pollutants—non-injurious to metal or skin. Tested for safety and results for over 5 years by both laboratories and hundreds of cars.

**NO-MO-NOX does:**  
Removes all carbon. Prevents carbon deposits. Prevents fouled plugs. Prevents piston knock. Increases power. Prevents all pumping. Increases gas mileage.

16 oz. can 85c. Treats 40 gallons of gasoline. One can proves results. Ask your dealer.  
Guaranteed satisfaction or money back

## GETS SECOND TERM FOR OBSCENE LETTERS

C. G. Lovekamp Sent to Prison—His Lawyer Fined for Contempt.

One lesson is never enough for Charles G. Lovekamp. An elderly farmer, he came to St. Louis from Queen City, Mo., a few years ago with a lifetime savings of \$40,000 and lost part of the money to swindlers. Undaunted, he took similar bait again and again. Now he is penniless.

Then there was his correspondence with Mrs. Grace Schilling, real estate operator. In addition to chalking messages and cartoons on her doors, he sent obscene letters through the mail to her, was arrested for violating the postal laws, and sentenced by Federal Judge Farris to a year and a day in Leavenworth prison. He was an old man, a disappointed man, and attaches predicted he might die in prison.

But the sturdy constitution that he built up in his many years behind the plow at Queen City brought Lovekamp alive out of Leavenworth to St. Louis last July. Two days later he was arrested for sending another obscene letter to the same person—Mrs. Schilling. Yesterday a jury in Federal Court found him guilty of the charge, and Judge Farris gave him four years in Leavenworth.

"I'll never do it again," Lovekamp promised the court. W. A. Koons, attorney for Lovekamp, was reprimanded by Judge Farris for practicing in Federal Court although not enrolled to do so. He paid a \$10 fine for contempt of court.

## DUTCH GIRLS' BOBBED HEADS CAUSE QUEER COMPLICATIONS

Puzzled Gendarme Can't Tell Man From Woman from the Back. AMSTERDAM, June 16.—Shingling is becoming more and more the vogue in both Holland and Germany, but it has been the cause of many queer complications and domestic friction.

The whole Rotterdam police recently were mobilized to search for an individual, who, according to a girl's story, had climbed through her window in the night and cut off her hair. She afterwards confessed that she had shingled herself and had invented the story in order to escape parental wrath. Another shingled girl from Nuremberg was found in a Munich park, crying and without money. It was found that she had had her locks shorn against the wishes of her parents and not daring to face them, had fled to Munich hoping to find work there.

A young woman with cropped head was arrested in Berlin on a charge of being a young man masquerading as a girl. A policeman took her to the police station where a woman inspector gave her a quick glance and said: "Of course she's a girl—look at her ankles."

In Utrecht, a local ordinance forbids Hans and Gretchen sitting together on the banks of a canal. A watchful old gendarme pounced upon a couple from behind, but discovered, to his dismay, two mustached faces. "I don't know what the world is coming to," he said, ruefully. "Boys and girls look all alike. The same hair, the same raincoats and the same eternal cigarette. I couldn't tell the difference."

## ST. LOUIS U. DIVINITY SCHOOL ORDAINS 44 IN PRIESTHOOD

Archbishop Glennon and British Honduras Bishop Conduct Services.

Ordination ceremonies were held today for 44 students of the St. Louis University School of Divinity at St. Francis Xavier (College) Church. Thirty-nine were ordained Jesuit priests and five are of the Congregation of the Mission. Archbishop Glennon, assisted by Bishop Murphy of British Honduras, conducted the services.

Among the Jesuit students ordained was Raphael N. Hamilton, member of a prominent family of Omaha, Neb., who renounced a large fortune to enter the priesthood. The first masses will be offered by the newly ordained priests at the St. Francis Xavier Church tomorrow morning.

## Here's "Gets-It"

World's Fastest Corn Ender

New Scientific Way

"GETS-IT" is a scientific liquid that millions use, among them famous dancers, athletes, doctors and folks who walk a lot. It ends corns and calluses. One drop stops pain in 3 short seconds. Then the corn loosens and comes off... all gone, forgotten. You walk in peace. There are imitations of "Gets-It." So watch out. Get the genuine at all leading druggists. Enough to kill a dozen corns costs only 35c.

## FOR Sour Stomach PHILLIPS' Milk of Magnesia

Hereafter instead of soda take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

BETTER THAN SODA For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

TRY A 25c BOTTLE Insist upon "Phillips' Milk of Magnesia" Twenty-five cent and fifty cent bottles, any drug store.

DR. W. B. CALDWELL AT THE AGE OF 83

## Women Need a Mild Laxative—Not a "Physic"

Countless girls and women know how foolish and needless it is to "purge" and "physic" themselves to avoid sick headache, dizziness, biliousness, sallow skin, colds, or sour, gassy stomach. They have found that Dr. Caldwell's Syrup Pepsin helps to establish natural bowel "regularity" even for those heretofore chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement, but, best of all, it never gripes, sickens or upsets the most delicate girl or woman. Besides, it is absolutely harmless and so pleasant that even a cross, feverish, sick child gladly takes it. Buy a large 60-cent bottle at any store that sells medicines and for yourself.

Dr. Caldwell's SYRUP PEPSIN

# Work and Profits

Through the First Stock Purchasing Plan, 15,325 employees became joint owners of the Standard Oil Company (Indiana), sharing in the profits of the Company.

Under this plan, initiated five years ago and just completed, the Company added 50 cents to every dollar paid in by the employees toward the purchase of the Company's stock.

This liberal arrangement met with enthusiastic response. By the careful thrift it encouraged, the employees were able to save \$11,800,000 to invest in Standard Oil Company (Indiana) stock.

Recently they received stock to the value of \$25,350,000, representing, in addition to their subscriptions, the stock added by the Company under the terms of the plan, plus the ordinary dividends.

Thus five years of installment paying on stock of the Standard Oil Company (Indiana) brought employees of the Company an appreciation of \$13,550,000.

The only stockholder receiving a larger share of Standard Oil Company (Indiana) profits is a philanthropic organization—the Rockefeller Foundation—established "to promote the well-being of mankind throughout the world."

The Rockefeller Foundation receives 5.4% of the total dividends, while the employees receive 4.2%.

The fact that the employees of the Standard Oil Company (Indiana) receive the second largest share of its profits is highly appropriate.

The work of the loyal employees of the Standard Oil Company (Indiana) is of a kind deserving generous encouragement, worthy of reward.

They work energetically, secure in the knowledge that their efforts will be appreciated.

They work enthusiastically, certain of friendly co-operation and helpful encouragement from the management.

They work harmoniously together, conscious of the high creed of service which binds them into a single united force.

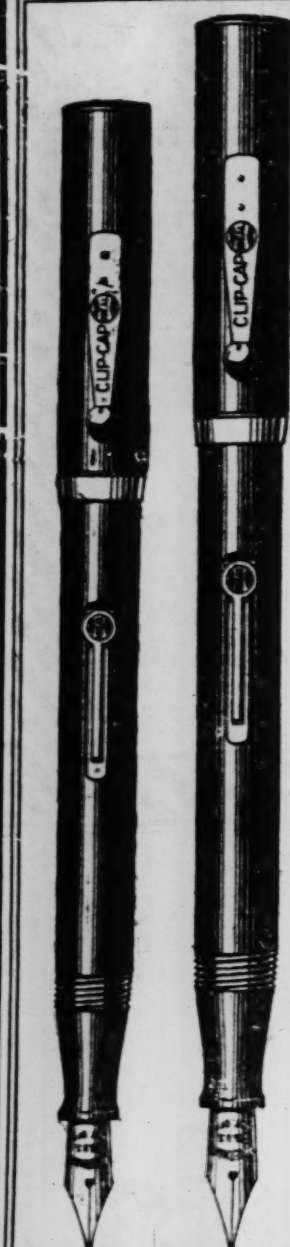

The work of Standard Oil Company (Indiana) employees is of a kind that cannot be commanded or forced, it must be inspired by such deeply human things as loyalty and faith and true devotion. It must be sustained by a simple delight in doing things well.

The Standard Oil Company (Indiana) owes its success to work of this calibre, carried on in every phase of its activity by a vast army of loyal men and women—the employees.

The profits received by employees, who also are stockholders, represent an incidental reward for the kind of work that is done for the joy of the doing—the kind of work that is responsible for the service the Standard Oil Company (Indiana) is able to render the thirty million people of the Middle West.

# KELLY SPRINGFIELD

To build tires that would embody to the utmost every quality coveted by motorists has been the Kelly-Springfield ideal since the first Kelly was built in 1894. If you have had any experience with Kellys, you know how closely this ideal has been approached. Money cannot buy more comfort, greater safety or longer mileage than it can in a Kelly-Springfield.

KELLY-SPRINGFIELD TIRE CO. 1600 N. Broadway ST. LOUIS

Kelly Self-Adjusting Flaps, manufactured under Beane patents, save tubes and make tires last longer.

# Concentration Pays in St. Louis

During the first five months of 1926 the Post-Dispatch carried more Home Merchants' Advertising than ALL other St. Louis newspapers COMBINED. The measurements follow:

POST-DISPATCH.....	6,527,920 Lines
Globe-Democrat.....	2,970,300 Lines
The Star (no Sunday).....	2,074,500 Lines
The Times (no Sunday)...	1,257,300 Lines

The Post-Dispatch GAIN in Home Merchants' Advertising, alone, for the first five months was 418,600 lines. The Globe-Democrat LOST 143,400 lines and The Star LOST 176,400 lines. The Times gained 28,800 lines.

Greater St. Louis, The Billionarea, is a market of a million people, or 250,000 families. The Post-Dispatch reaches practically every family of purchasing consequence in the entire area—40,000 more than any other St. Louis newspaper. Because of this larger and more concentrated circulation, and the further fact that the average purchasing power of families

in The Billionarea is THREE TIMES as great as the average of families in small towns and rural communities, advertisers find the St. Louis Post-Dispatch, by far, the most profitable advertising medium—therefore, they concentrate their advertising in this ONE BIG NEWSPAPER—regularly, daily and Sunday—month after month, year after year.

## ST. LOUIS POST-DISPATCH

The highest ranking P + D + C newspaper of The BILLIONAREA—the Greater St. Louis Market

# RAIN IN BROOKLYN HALTS DRIVE OF THE CLIMBING CARDINALS

## HORNSBY'S MEN HAVE WON SIX GAMES IN EAST

Willie Sherdel's Excellent Performance in Outpitching Dazzy Vance Indicates He Is Back in Form.

By a Special Correspondent of the Post-Dispatch.

BROOKLYN, June 16.—Today's game between the Cardinals and Brooklyn Dodgers was postponed at noon because of rain.

You can tell folks that Rogers Hornsby's present band of Cardinals are morning glories and that they will not keep up their present dizzy clip in the general direction of the league leaders, but don't tell it to any one of the Eastern teams that St. Louis has mused up on this present invasion.

They know better!

When Billy Sherdel shut out the Brooklyn Robins with five scattered hits yesterday afternoon, he pitched Hornsby's crowd into the sixth victory in the East.

They have lost but, one game since they crossed the Appalachian, and that, in this day and age, is considerable of a record.

The more fact that Hornsby traded Mueller for Southworth, proof positive that the Cardinal leader believes his team has a chance for the National League pennant. Rog believes that Southworth is a better, more reliable ball player than Mueller for present purposes.

One year from now, two years from now, Mueller figures to be a more valuable ball player than the new Cardinal. Southworth is on the far side of 30 and on the downward slope of a long and honorable major league career.

Were Hornsby "looking ahead" the time-honored custom of managers whose clubs are practically out of the pennant race—the swap would have appeared a bad move. But Hornsby is not "looking ahead." He thinks that the Cards can win the East this year.

Yesterday's victory was the second St. Louis won at the expense of Brooklyn this season, and both came in games in which the Cards faced seemingly insurmountable odds. In the course of their recent Brooklyn series in St. Louis, Dazzy Vance started a game and was touched for three hits and three runs in the opening inning. St. Louis didn't get another hit after that, but Flint Rhem held the early advantage and Brooklyn was beaten, 3 to 1.

Vance Just a Pitcher.

Yesterday Vance started again and had all his old stuff, although somewhat wilted. He pitched nine Cards in the seven innings he pitched, but Blades and Hornsby worked a double steal in the first inning and Jim Bottomley drove his tenth home-run of the season over the right field wall in the sixth with a man on base. The last Cardinal run was scored off Ruben Ehrhardt after Vance had been taken out for a pinch hitter. Bottomley brought it in with a single to right.

Dyer to Syracuse.

Manager Hornsby today announced that he had sent pitcher Eddie Dyer to Syracuse on one-day option. Dyer's release cuts the Cardinal squad to the prescribed 25.

## MUTT AND JEFF—They Have Some Fighter

## RACING CHARTS AT AQUEDUCT.

Weather cloudy; track fast.

# HELD MEETS L. WATTS IN STATE TOURNEY AFTER MORNING VICTORY

## AGAIN SHOOT WESTWOOD COURSE IN 68

Clarence Wolff Matched With Ludington; O'Brien Defeats Bockenkamp; James Manion Outclasses George E. Martin.

Eddie Held making the same score as yesterday when he qualified with the lowest score of the day in the Missouri golf tournament at Westwood club defeated Frank Montgomery 3 to 2, in the first round today. He made the course in 68.

Field in the afternoon pairings. Held and Lawrence Watts (Kansas City) 6-3. Other results were: Clarence Wolff (St. Louis) defeated Jerome Stanford (Forest Park), 5-4.

E. K. Ludington (St. Louis) defeated Thomas Talbot (Springfield), 5-4.

S. D. Capen (St. Louis) defeated Elliott Whitbread (Sunset), 2-1.

C. E. O'Brien (Forest Park) defeated H. A. Lorenz (Sunset), 3-2.

James Manion (Riverview) defeated George E. Martin (Kansas City), 5-4.

C. C. Colvin (Glen Echo) defeated J. A. Irwin (Forest Park), 3-2.

Chris Kenney (Sunset) defeated J. N. Gruner (Kirkwood), 6-5.

Sam Capen (St. Louis) defeated Elliott Whitbread (Sunset) 2 to 1.

Hayden Newton (Springfield) defeated David Carter (Nevada) 1 up.

William Medart (Sunset) defeated Reginald Belleville (Forest Park), 3-2.

H. D. Ewer (Kirkwood) defeated S. Sommer (unattached), 4-2.

Don Lambert (St. Louis) defeated George Wheat (Kansas City), 2-1.

C. E. O'Brien (Forest Park) defeated Richard Bockenkamp (Midland Valley), 3-2.

Frank Watts Jr. (St. Louis) defeated Earl Rowe (Kansas City), 1 up.

L. Schulte (Forest Park) defeated Ellsworth Smith (St. Louis), 2-1.

Westwood course in 73, in the qualifying round, played G. E. Martin of Kansas City in the opening round.

## WIGHTMAN CUP TEAM MEMBERS ANNOUNCED

By the Associated Press.

WIMBLEDON, England, June 16.—The American and British women's lawn tennis teams which will meet here tomorrow and Friday for the Wightman Cup were definitely announced today, as follows:

The United States—Miss Mary Kay Browne, captain; Miss Elizabeth Ryan, Mrs. Marion Zinderstein Jessup and Miss Eleanor Goss.

Great Britain—Mrs. Lambert Chambers, captain; Mrs. L. A. Godfree (the former Kitty McKane), Mrs. C. Shepherd-Barron, Miss Evelyn Colyer and Miss Joan Fry.

## LIPTON CUP RACERS MEET BAD WEATHER

By the Associated Press.

LOS ANGELES, June 16.—The electric power yacht Valerio II, which has been escorting the racers in the 225-mile run to Honolulu for the qualifying round for the Lipton Cup, was forced to turn back when she encountered a 10-mile gale and rough seas. She arrived at Avalon yesterday.

## Fall River Beats Toronto.

TORONTO, Ontario, June 16.—Fall River, United States soccer champions, defeated Toronto City last night, 6 to 0, in an international game.

# Mack Sends Jacobson to Boston in Deal for Ehmke

HOWARD EHMKE UNDERWOOD

Boston Obtains "Baby Doll" and Pitchers Harris and Heimach for Star Hurler—Major League Market Closed Until Aug. 31.

By the Associated Press.

NEW YORK, June 16.—The major league player market is closed until August 31.

In the last rush a few deals were made public, but the major transaction did not come from the New York Giants. It was engineered by none other than that slim veteran who has become a part of Philadelphia baseball benches—Connie Mack.

## Mack's First Move Was to Obtain Bill ("Baby Doll") Jacobson from the St. Louis Browns for Edmond (Bing) Miller, both players being outfielders. Then he shifted Jacobson and Pitchers Bryan Harris and Fred Heimach, right hander and southpaw respectively, for Pitcher Howard Ehmke, of Boston, formerly of the Detroit mound staff.

At the same time, the New York Yankees gained the services of a pinch hitter in Roy Carlyle through waiver from Boston.

McGraw Signs Collegians.

Manager McGraw, of the Giants, announced the signing of the college pitcher, Al Smith, and the college outfielder, Joe Connell, both from Villa Nova. Catcher James Boyle from St. Xavier's College, Cincinnati, also reported to the Giants. The previous day, McGraw exchanged Outfielder Billy Southworth for Heinie Mueller, St. Louis Cardinal gardener.

## Brooklyn Has Signed Jim Silver, former Notre Dame catcher and captain who used to catch O'Neil Carroll, formerly with Detroit and now with Toronto, when they were in preparatory school in Newark, N. J.

Washington announced the purchase of the Cuban left-hander, Emilio Palmero from Columbus of the American Association, while Cleveland released Pitcher Ace Weldon to Terre Haute and placed Catcher Chick Autrey and Pitcher Carl Yowell, now ill, on the retired list.

## Great Outfield Passes.

In parting with Jacobson, the Browns have dropped the second of the men who for seven years constituted one of the greatest of hitting outfields. Jacobson's mates were Johnny Tobin, now with the Washington Senators, and Ken Williams, who remains with the Browns, but is said to be on the way elsewhere.

## Their seven-year records:

	Williams	Jacobson	Tobin
1919	300	323	327
1920	307	355	340
1921	347	355	352
1922	332	317	331
1923	357	309	317
1924	324	318	300
1925	331	341	301

With three such sluggers in the outfield, St. Louis, threatened for years, but was unable to follow through with the winning punch, despite the assistance of such a clubber as George Sisler. And now they have gone the way of the

## LINCOLN WINS NEGRO GRAMMAR SCHOOL TITLE

The Lincoln Grammar School baseball team won the Negro Public School League championship by defeating the Waring School team, 20 to 6, in the final. The Lincoln team has not lost a game in two years. They made a brilliant showing against the Simmons School team in May, when, in an errorless game, no hits were allowed, 14 men struck out and no man reached first base.

The cup is donated by the St. Louis Argus to the team winning two successive championships. Herbert Meadows will present the cup to the Lincoln team tomorrow night at the graduating exercises of the Lincoln School which will be held at the Tabernacle Baptist Church, Compton and Washington.

## McCabe to Meet Tragos.

Ray McCabe, former middleweight champion of the Thirty-ninth Division, will grapple with George Tragos in a best two out of three falls match tonight at Marshall Theater. Tragos will concede 35 pounds to McCabe.

## Swim Program for Masons.

Visiting delegates to the Grotto convention will be the guests tonight of the management of the Forest Park Highlands pool where local swim stars will participate in exhibitions. Charles Lygarde, Chicago natator who swam here last season, will also exhibit.

## Bout Postponed.

NEW YORK, June 16.—The program featuring 10-round contest between Stanislaus Lozay, Chilean lightweight, and Jack Bernstein of Yonkers, N. Y., scheduled for last night at the Queensboro Stadium, was postponed to tomorrow on account of rain.

# New Local Boxing Club Leases Sportsman's Park

## Leo Heyman's Mercantile A. C. to Hold Open Air Shows Throughout Summer With First Card Early in July.

The Mercantile A. C., a newly organized athletic organization, headed by Leo Heyman, veteran local sportsman and boxing enthusiast, has arranged to stage outdoor boxing shows during the summer season at Sportsman's Park, home of the Browns and Cardinals, according to an announcement made by Heyman, who received a sanction yesterday from the City Boxing Commission, for a series of bouts to be held during July, August and early September.

Heyman was at one time identified with the Argonaut Physical Culture Club and promoted several boxing bouts of major distinction at the Coliseum arena. He later relinquished his holdings in the Argonaut club and about two years later the organization went on the rocks.

During Heyman's connection with the club he arranged bouts between Pal Moore and Joe Lynch, Benny Leonard and Joe Wellins, Mike Gibbons and Augie Ratner, Bill Brennan and Hughie Walker. He also succeeded in booking Luis Firpo and Tom Cowler for a local engagement, which was later canceled.

The Sportsman's Park stands, providing seating accommodations for approximately 35,000 spectators, and 2500 box seats, will give the new athletic organization one of the largest and best equipped outdoor stadiums in the country.

Heyman plans to leave for New York in a few days to close negotiations for his opening card, which will be held early in July.

# Mary Browne and Suzanne Meet In First Round

## Unfortunate Draw in Wimbledon Tourney Upsets Hopes for Big Final.

By the Associated Press.

LONDON, June 16.—The luck of the draw in the Wimbledon public tennis tournament, which begins Monday, finds Suzanne Lenglen, the French ace, and Mary Browne of the United States pitted against each other in the first round of the women's singles.

Miss Lenglen, who has won the Wimbledon title in 1920, 1922, 1923 and 1924, will meet Miss Browne, who has won the U. S. title in 1925, in the women's singles final of the international hard court championships which has just been completed at Paris.

Miss Browne, who captained the American women's team, won her way to the finals after Helen Wills, the American champion, had been stricken with appendicitis in the midst of the tournament.

NEW YORK, June 16.—The program featuring 10-round contest between Stanislaus Lozay, Chilean lightweight, and Jack Bernstein of Yonkers, N. Y., scheduled for last night at the Queensboro Stadium, was postponed to tomorrow on account of rain.

# He, too, used to be embarrassed

He knew why—suffered—and thought there was no way to avoid it. A few dances—then the stage line, moist, miserable—and odorous.

Like thousands of other men with instincts of a gentleman but with very human bodies, he has discovered that unpleasant body odor can be prevented. The cause is a deep-seated accumulation of fatty waste and the acids of perspiration in pores all over the body.

Local applications relieve only part of this condition. Baths help a lot, but their effect is soon gone unless Lifebuoy is used. Lifebuoy's antiseptic lather penetrates each pore and removes every trace of odor-causing waste.

After a Lifebuoy bath, you'll stay fresh and odorless all day. This super-cleanliness is a tonic. It guards health. Lifebuoy Health Soap is orange red—the color of its pure palm fruit oil. And the clean, antiseptic smell rinses away completely—never clings.

Lifebuoy Health Soap stops body odor

## OUT OF LEAGUE, BRAZILIANS HOPE TO BE CLOSER TO U. S.

Withdrawal Based on Unwillingness to Become Entangled in European Alliances.

RIO DE JANEIRO, June 16.—Members of the Brazilian Chamber of Deputies say the withdrawal of Brazil from the League of Nations was an expression of a national desire to keep out of European alliances. Plinio Casado, floor leader of the minority, says League membership would inevitably result in national embarrassment, either by

complications arising through Brazil's becoming involved in European diplomacy or by her participation in attempted settlements of difficulties between nations.

"The Government's withdrawal from the League," said Augusto Lima, acting president of the Committee of Foreign Affairs, yesterday, "has the approval of the entire nation. It means Brazil's closer relations with the American republics, especially the United States. The withdrawal became inevitable when it was seen that Latin America would not secure a seat in the League Council. Woodrow Wilson's peace ideals are our ideals, but as a nation we cannot see how they can be attained by League membership."

## DRUSE AMAZONS AID THEIR MEN IN BATTLE

Syrians Outnumbered 3 to 1 by French Lose Salkhad Only After Fierce Fight

Special Cable to the Post-Dispatch from the Chicago Daily News, Copyright, 1926. WITH THE FRENCH ARMY IN SYRIA, June 8 (Delayed).—The French army has captured Salkhad, after operations which were not so much a contact between two armed forces as a contact between the twentieth century and the sixteenth. The twentieth century won.

The day before the campaign was the approach. The second largely artillery work. The third was mainly a hand to hand affair.

"We don't take prisoners in this war," said a French captain, "nor do the Druses."

The Druses fought bitterly. They were defending their homes, their nation, their heritage, against an aggression which they considered unwarranted and unjust. Well armed with Mauser rifles, hand grenades and revolvers, they first attempted to repulse the French with small arms. They made a stand for seven hours along the black walls of Salkhad, despite a heavy barrage by the French seventy-fives.

Then the French sent against them about 1000 men, mostly colonial. Successive battalions were launched from different angles, converging toward Salkhad in three columns. The Druses fought them first with bullets, then with knives and then actually with their fists.

Finally the Druses put a new, desperate factor into the fight—their women. Three French officers saw Amazonian women handing up ammunition to their husbands inside the black walls. Later several women, wearing their white veils, took up guns and even swords when their men were shot down. Seven Druse women are reported to have been killed.

Bravely as the Druses fought, they could not cope with the French, who outnumbered them 3 to 1 and were supported by tanks, artillery and aircraft.

During the early part of the action the small party of Druses made a sortie to the left of the citadel where a half dozen light French armored cars were struggling over the rocky country. One of the cars overturned. The Druses, intent on its wreckage, sped, killed its French occupants, and then with insane courage went after the other cars, attempting to overturn them with their bare hands. They actually succeeded in destroying one of the cars before a couple of companies of Senegalese rushed up to overthrow them.

When the town was thoroughly cleaned up, with the remnant of the Druse force retreating in good order toward the distant hills to the west, we entered Salkhad, wiped up certain souvenirs of this bitter fight, and raised the French tri-color over the stand.

## \$2,277,000 VOTED FOR MISSION WORK

Lutheran Synod to Spend Entire Sum in North America.

An appropriation of \$2,277,000 for missionary work for the next three years was voted yesterday by the triennial convention of the Lutheran Synod of Missouri, Ohio and other states, meeting at Holy Cross Church, Ohio avenue and Miami street. This is all for work on the North American continent, although the synod, which has a membership of 1,100,000, conducts missions elsewhere. Most of the money will go toward gathering the "unreached" of the rural Northwest of the United States and in the large cities into congregations, and toward helping churches in these places to erect needed buildings.

Other items of the appropriation include \$100,000 for work in Canada, \$55,000 for the synod's extensive work among deaf mutes and \$50,000 for a new church in Mexico City, where a mission was established two years ago. This last is subject to the proviso that "all matters of property can be adjusted according to Mexican laws."

A grant of \$70,000 was voted for physical improvements at Concordia College, Milwaukee.

**Responsibility for Doctrine Fixed.**  
A resolution adopted by the convention holds the synod responsible for all statements on doctrinal matters appearing in the 22 official publications. It said: "If any statement made therein conflicts with the word of God and the confessions of our church, every member of synod perceiving such error is held responsible to bring it to the attention of the responsible editor and insist upon the necessary correction." The synod is strictly fundamentalist.

It was announced yesterday that the Rev. Martin Kretzman of Kendallville, Ind., had been re-elected secretary of the synod and E. Shuel, general manager of Concordia Publishing House here, treasurer. Directors were Walter Schlueter of St. Louis, Rev. William Hagen of Detroit, A. H. Ahlbrand of Seymour, Ind., and Henry W. Hosen of Rock Island, Ill. The following St. Louisans were re-elected directors of Concordia Theological Seminary: The Rev. L. J. Sieck, the Rev. R. Jesse, the Rev. Theodore Laeth, A. G. Brauer, C. Reckmeier and the Rev. Otto Huseman and E. Schuettner.

**Fords in India.**  
The Rev. Frederick R. Zuecker, who was graduated from the seminary here in 1905, traveled 12,000 miles to return here for the first time from his mission station at Trivandrum, in the south of India. His field has not been touched by many things of modern civilization. Railroads are widely separated, but roads have been made passable for motor cycles and the missionaries also use three Ford cars.

Rev. Dr. W. H. T. Dan, who is retiring from the Concordia faculty to become president of Valparaiso University, now owned by Lutherans, began the delivery of a continued doctrinal essay on "The Purpose of the Christian Church," before the convention yesterday. He said in part:

"The present age is frankly atheistic. Nowadays the person who denies the existence of God is no longer pitied by some and despised by most men. He is not afraid to let men know of his infidelity. He even takes pride in his denial of God and the truths of the Bible."

"Starting with agriculture, the human race pushed onward to city building, to navigation, transportation, improved communication. This struggle of man to lord over earth, sky and sea, is to go on until the Almighty Himself terminates it at the end of time. In this duty is bound up every progress that the human race has achieved, every lesson it has learned, every discovery it has made during well-nigh 6000 years of the world's existence."

"The original order," he fruitfully and multiply and replenish the earth and subdue it," is still in force, only man's power of body and mind are vastly reduced because of sin, and instead of giving honor and glory to God with his whole heart and soul, man would unseat and destroy the thought of God in the hearts of men. The great universe still calls out: 'Know and master me.' We are bidden to do and learn what we can."

A pastoral service will be held at Holy Cross Church tonight, with a confessional address by the Rev. L. A. Heerboth and a sermon by the Rev. A. T. Pechtold. The 10-day convention will end Friday.

**300 CHINESE PIRATES KILLED, LEADER AND 150 CAPTURED**  
Governor of Macao Reports Results of Sharp Battle in That Portuguese Dependency.

By the Associated Press. LONDON, June 16.—In a sharp battle yesterday Chinese pirates, who frequently have raided Macao, the Portuguese dependency in the south of China, were routed, 300 of them being killed. The Governor of Macao, a Lisbon dispatch to the Daily Express says, has notified the Minister of Colonies of the engagement.

One hundred and fifty pirates, including the leader, Tschung, were captured.

## RUTH IS NEW MAYOR OF UNIVERSITY CITY

Elected by 1248 Plurality Vote. W. A. Hays, With a Light Vote.

Eugene D. Ruth Jr., vice president and director of the St. Louis Real Estate Exchange, was elected Mayor of University City yesterday by a vote of 2051 to 803, to fill out the term of the late Mayor A. C. Cunningham, which expires next April. Ruth's opponent in the election was Walter A. Hays, an attorney.

The vote was unusually light, being less than half the registration of 5877. Ruth's term as Alderman of the First Ward, expiring April, 1928, will be filled by Harry A. Wellington, who received 710 votes, against 332 for Paul H. Felker.

A Civil War veteran, Sergeant Major Allen J. Showers, G. A. R., managed Ruth's campaign on a business man's platform. Ruth is 44 years old and resides at 721 Western avenue. He is a member of the Francis-Perry-Ruth Real Estate Co. He was Alderman during the illness of the late Mayor.

The vote by Ward and Precincts:

First Ward, East Precinct	377	75
First Ward, West Precinct	546	110
Second Ward, East Precinct	293	77
Second Ward, Central Precinct	162	95
Second Ward, West Precinct	191	66
Third Ward, East Precinct	302	223
Third Ward, West Precinct	91	62
Third Ward, North Precinct	99	95
Totals	2051	803

## SOVIET REPLIES TO BRITISH NOTE ABOUT STRIKE FUNDS

MOSCOW, June 16.—The Soviet Government, in a note to Great Britain, has declared that it could not prohibit Russian trade unions from sending money abroad to aid trade unions of another country.

The Soviet Government also expressed criticism of intimations made by some members of the British Government that the money in reality had been received by the Russian Government.

The note was in reply to a British note concerning the transfer of large sums of money from Russia to Great Britain to aid the recent general strike called by the Trades Union Congress. The congress declined the money, which later was accepted by the British Miners' Federation.

The Russian reply says that there exists in the Soviet Union no prohibition against the remittance of money abroad, but only the obligation to obtain a permit for such remittance.

The note continues: "Expressing as it does the will of workers and peasants of the Soviet Union, the Soviet Government cannot prohibit trade unions, comprising a million workers of Soviet Russia, from sending money abroad in aid of trade unions of another country."

"The Soviet Government at the same time calls the British Government's attention to the incompatibility with the real facts and with the normal relations between governments, of the statements of some members of the British Government alleging funds were sent by the Soviet Government when, in reality, they had been forwarded by the Central Council of Labor Unions of Soviet Russia in agreement with the central committee of Soviet Trade Unions."

## COOLIDGE CABLES TO CALLES OVER NEW MEXICO CITY LINE

Latter Responds, Saying Fast Communication Fosters Better Mutual Understanding.

MEXICO CITY, June 16.—A message from President Coolidge to President Calles of Mexico and Calles' reply inaugurated the new direct cable service between Mexico City and New York, which is now operated via Galveston by the Western Union since that company bought the All-American cable lines.

Calles received the message yesterday from an instrument set up in his private office in the National Palace. Coolidge expressed wishes for closer and more rapid communications, and Calles answered that faster service served to develop better understanding and closer relations between the two countries.

JOE JINKS

-By VIC

WHEN LISTEN! YOU BOUGHT THIS OIL LAND FROM ONE JIM BIGGER, OIL SMELLER, DIDN'T YOU? HE INDUCED YOU TO SELL IT BACK TO HIM FOR \$5000 LESS - THEN HE SOLD IT TO THE BEAN-GETTY CO. FOR A MILLION - EH?

RIGHTO! EXACTLY! I WAS A FOOL!!

NOT SO FAST! BIGGER WAS A BIGGER FOOL!! HE WAS NOT POSTED ON CALIFORNIA LAW - THE DEAL HE MADE WITH YOU WAS NOT LEGAL - THIS IS FREE ADVICE - NOW FOR A CONSIDERATION I WILL SHOW YOU HOW YOU CAN RECOVER AND MAKE A FORTUNE - HOW ABOUT IT?

SPEAK UP! NAME YOUR PRICE!!

APPOINT ME YOUR ATTORNEY AND PASS ME 10% OF WHAT WE MAKE. AND I'LL PUT THAT DEAL THROUGH FOR YOU INSIDE OF A WEEK!

YOU'RE ELECTED! WHEN DO WE GO?

OH BOY! WHATTAYA KNOW 'BOUT THAT?

-By YOUNG

DUMB DORA

NO SIR, I'LL NOT LET YOU BREAK MY HEART SO AGAIN-YOU GO RIGHT BACK TO THE FARM, JOHNNY!

NOPE, YOU CAN'T GET RID OF ME THAT EASY! I'LL CAMP RIGHT HERE ON YOUR DOORSTEP!

OH, HELLO, ROD! I'M DYING TO SEE YOU! COME RIGHT OVER AND BRING ALL THE BOYS!

NOW, JOSEPHINE MUST LOOK PRETTY! SHE'S GOING TO SEE ALL HER NICE UNCLES!

HELLO, BOYS - WHAT WAS ALL THE RACKET?

OH, WE JUST HAD A PARTY!

AND WE DUMPED THAT PARTY IN THE ASH CAN!

SHE AIN'T SO DUMB!

WHO WAS THE BLACKSMITH THAT TRIED TO KEEP US OUT?

## ANSWERS TO QUERIES

The Post-Dispatch reserves the right to reject any query. Personal and telephone calls, or answers by mail, cannot be given attention, except letters on medical questions of undoubted sincerity when accompanied by stamped addressed envelope.

**CONSTANT READER**—Inquire of the superintendent of any of the downtown office buildings for position of cleaning offices. A. J. H. Inquire of the Western Union Telegraph Co. for full information regarding the position of telegraph operator.

**S. E. P.**—Clean the white duck hat with a good quality of magenta dye. Rub it well into the hat, shut it up in a box and leave it for a week. Remove the powder with a bit of soft flannel, smoothing it round, always in the same direction, and evenly. If not perfectly clean, the hat must be put through the process a second time.

**MRS. M. M.**—The following is a recipe for canning strawberries: Let as many as can be put carefully in the jars, and let them stand two or three hours, till the juice is drawn from them. Pour the juice in the jars, and add a little sugar. Seal the jars, and remove the scum which rises; then put in the berries, packed closely. Add a little sugar, and seal the jars. The jars must be put through the process a second time.

**W. T.**—The race riot in East St. Louis occurred on July 1, 1917, when 25 Negroes and eight whites were killed outright and hundreds were wounded and maimed. The claims arising out of the riot aggregated \$700,000. The Negroes and eight whites were killed outright and hundreds were wounded and maimed. The claims arising out of the riot aggregated \$700,000.

## MEDICAL QUESTIONS

Health and sanitation questions of public interest only will be considered. Diagnosis or treatment of individual cases will not be given.

**ANXIOUS**—The two institutions you mention are about the same. The Alexian Brothers Hospital takes nervous cases, but is for males only. The Baptist Sanatorium takes both male and female.

**SUPPERS**—One of the best remedial agents for the relief of your trouble would be the taking of five-grain doses of the nitrate of potash (saltpetre) three times daily dissolved in half a glass of water. Keep good regular habits and avoid exciting influences.

**TED R.**—The usual cause for the condition you describe is some obstruction to the circulation either local or general which should be removed. An examination is necessary to determine the cause and employ proper treatment. Such a condition is not normal and should be attended to.

**BEATRICE**—Extreme nervousness, or taking cold, may have caused the bladder trouble. Take a five-grain tablet of cystonin in half a glass of water three or four times daily. Also keep as quiet as possible for a while, avoid excitement and worry and take a hot bath just before retiring.

**INQUISITIVE**—Consult the physician of the city of St. Louis. The city of St. Louis is a large city, and the physician of the city of St. Louis is a large city, and the physician of the city of St. Louis is a large city.

**REMEMBER**—The city of St. Louis is a large city, and the physician of the city of St. Louis is a large city, and the physician of the city of St. Louis is a large city.

**Remember**—The city of St. Louis is a large city, and the physician of the city of St. Louis is a large city, and the physician of the city of St. Louis is a large city.

## JUDGE RUMMY

I MUST SAY I'VE ENJOYED SEEING YOUR COURT HOUSE HERE IN PODUNK

TELL ME - HAVE THERE EVER BEEN ANY BIG MEN BORN HERE?

BIG MEN?

NOPE - ONLY BABIES

NEAH, IT'S QUITE A TOWN, JUDGE

YOU'VE GOT QUITE A BURG HERE, TOO

AND WE DUMPED THAT PARTY IN THE ASH CAN

OH, WE JUST HAD A PARTY

HELLO, BOYS - WHAT WAS ALL THE RACKET?

NOW, JOSEPHINE MUST LOOK PRETTY! SHE'S GOING TO SEE ALL HER NICE UNCLES!

# U. S. STEEL AT BEST PRICE OF THE YEAR

Stock Rises in Late Trade After Motors and Oils Participate in Early Day Transactions — Money Rate Easier.

By Leased Wire from the New York Bureau of the Post-Dispatch.

NEW YORK, June 16.—The Evening Post in its copyrighted financial review today says:

"Ignorant speculative demand for recently active market leaders, accompanied by a broadening of interest in specialties and oil shares, drove prices in the stock market to higher levels today. Although the volume of business again showed some slackening, realizing sales were quickly taken and efforts to bring about a setback proved futile. U. S. Steel was strong in final hour trading, its best price of the year, while General Motors also established a new peak. In the bond market the easier rates for money were reflected in good buying, foreign issues again demanding attention. Japanese Government bonds improved while others in the group ruled firm. The high-grade issues were well supported."

## Easy Money Stimulates Buying.

"Demand for stocks, especially in the seasoned dividend payers improved steadily with the lowering of call money rates to 2 1/2 per cent after renewals had been arranged at 3 1/2 per cent for the first time this month. Disbursements by the Government on maturing obligations and Liberty Bonds brought a flood of money in the market and funds not only were abundant, but as a result of the improvement in credit conditions operations for the rise were resumed in a broad group of stock specialties. Cast Iron Pipe, Universal Pipe, Chrysler Brown and Postum Cereal came to life with good advances while the movement in Ward Baking 'B' shares continued at a new high for the recovery. National Dairy Products was another food stock which rallied and Field Ice Cream was higher. The recently favored industrials moved erratically, although it was evident profit taking sales were being easily absorbed. Buying demand in large volume after an early setback, and General Motors forged ahead to a new peak for the year while U. S. Steel reached its recent high. 17 1/2. Hudson was also higher and other motors improved further."

## Oil Shares Again Active.

"Speculative activity was again centered on the oil group, where Marland, a 'Morgan stock' featured with a rise to a new high for the year. Pan Handle established a new high as well, while General Asphalt was slightly under its price for 1926. Favorable reviews of the steel situation, which inspired buying of U. S. Steel also helped the equipment stocks and several favorites in this group worked higher under the leadership of American Car and Foundry, American Locomotive and Pullman, which was within less than a point of its peak for the year. Rail shares, however, were inclined to drift aimlessly in quieter trading."

## Spanish Rates Climb Again.

"Another sharp advance in pesos featured foreign exchanges, rates on Madrid advancing almost half a cent to 16.30 cents. The remainder of the list was generally higher, French francs rising briskly before losing a part of the advance. Belgian exchange moved in sympathy with rates on Paris, while the Dutch dropped back a point. Swedish krona scored an advance of five points to above gold parity and Norwegian exchange ruled firm. Danish rates also worked higher, sterling held steady, but the margin between cable and demand rates widened to 1/2 cent. Brazilian exchange worked forward, while Japanese rates were heavy and lost about 1/2 cent."

## Commodities Irregular.

"Prices moved irregularly, in rather narrow limits, in the principal commodity markets. Wheat got off to a good start in response to announcement of suspension of import duties in France and crossed \$1.42 for July contracts. Only fractional advances were recorded at the close. Corn lost slightly on the day. Cotton worked higher after a quiet start and recorded fair sized advances."

## Freight Carloads Decrease.

WASHINGTON, June 16.—The Car Service Division of the American Railway Association, maintained by the carriers, announced today that loadings of revenue freight for the week ended June 5 totaled 945,964 cars, a decrease of 132,200 cars from the preceding week due to observance of a holiday. The week's freight loadings and their relation to loadings of the previous week are: Miscellaneous freight 347,993, a decrease of 58,084 cars; coal 155,094 cars, a decrease of 22,566; grain and farm products 36,924, a decrease of 7,238; ore 62,226, a decrease of 3,789; merchandise and less than carload lots freight 235,254 cars, a decrease of 31,712; live stock 28,521, a decrease of 3,122; forest products 70,653, a decrease of 1,444; and coke 11,553 cars, a decrease of 235."

## Increase In Oil Production.

NEW YORK, June 16.—The daily average gross crude oil production in the United States increased 4700 barrels for the week ending June 12, totaling 2,614,000 barrels, according to the weekly summary of the American Petroleum Institute.

## SHARES SOLD

NEW YORK, June 16.—Today's sales, 1,560,000 shares, compared with 1,531,000 yesterday, a 200,000 share increase. Total sales from Jan. 1 to date, 192,614,000 shares, compared with 191,910,000 a year ago.

## Everybody Worked But Father

"Father's stomach trouble seemed to be getting worse all the time, and finally he had to quit work altogether. Two brothers and myself gave up school and went to work to support the family. Father had lost sixty pounds in weight and was as low as saffron, and no medicine helped him. Telling a friend about it six months ago, she advised taking MAY'S. I got a bottle and it helped Father at once. He was able to go back to work a month later, has regained his weight and strength and eats like a woodchopper. It is a simple, harmless preparation that removes the catarrh from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince of money refunded. Wolff-Willson Drug Stores, Walgreen Drug Co. and druggists everywhere.

## ST. LOUISANS STUDYING CHICAGO TRAFFIC PLAN

Safety Council May Recommend Adoption of Progressive Control System Here.

The progressive system of traffic control now used in Chicago's loop district is being studied by the executive committee of the St. Louis Safety Council with a view to recommending the installation of a similar system in the congested district of St. Louis.

A study of the Chicago system was undertaken recently by Girard C. Varnum, secretary-manager of the Council, at the suggestion of the executive committee and Director of Streets and Sewers.

The system consists of four sets of signal lamps, red, green and amber in color, placed at each of the 48 intersections in the loop district, all controlled from a switchboard in the City Hall. It affords a signal change at any intersection at any time of day or night independent of any other intersection.

Varnum found that a driver on entering the loop district, having received the green signal, by maintaining an average speed of from 12 to 14 miles an hour, can travel through the entire loop district without stopping once. The board is so arranged that the time of either a red or green signal can be changed at any time.

Varnum submitted a statement from R. F. Kelker, consultant of the Chicago Traffic Committee, who asserts that since the system was adopted Feb. 1, last, traffic has speeded up 25 per cent and the safety of pedestrians has been considerably increased. The cost of the Chicago system averaged \$2500 per intersection.

## CONFERENCE WILL DISCUSS GROWTH OF FEDERAL POWER

President of Commonwealth Meeting Explains Theory of State's Rights.

IOWA CITY, Ia., June 15.—Extension of Federal authority through Federal aid and subsidies in education, highway improvement, forest fire prevention and social welfare, has revived the doctrine of State's rights, not as a theory of nullification but as a protest against the encroachment of the Federal Government upon States as areas of local self-government, asserted Benjamin F. Shambaugh, chairman of the fourth annual Commonwealth conference.

The conference, which meets at the University of Iowa, June 25 to 30, will discuss problems arising from presented inquiries as follows:

"Are States in danger of surrendering the management of their own affairs through Federal favor and coercion?"

"Is an ever increasing centralization of power in the Federal Government inevitable?"

"Can the extension of Federal aid be justified as a practical compromise between the principal of local self-government and the principle of centralized government?"

"Are states now actually engaged in nullification of Federal laws?"

## SAYS MOVIE AUDIENCES CARE MORE FOR STARS THAN STORIES

Dramas Twisted to Fit Public's Idea of Movies, William Le Baron Explains.

NEW YORK, June 15.—Motion picture audiences want to see their favorites in good stories, but they are far more interested in the stars' characters than in their vehicles.

broker here, killed herself in her home yesterday. She left a note saying she was despondent. She had been in the habit of attending reunions of her family in Massachusetts.

COOL SUMMER DRINKS

By Hannah W.

REALLY good punch is a must to hospitality. But, it must be refreshing and healthy. Here are some recipes for punch, served in a variety of ways. One of the most popular is the fruit punch, which is made with fruit, sugar, and water. Another is the lemonade, which is made with lemons, sugar, and water. There are also recipes for iced tea, fruit juice, and other refreshing drinks.

Rhubarbade. Three pounds rhubarb, six lemons, 13 cups sugar. Wash and cut rhubarb in small pieces. Place in granite bowl. Cover with water. Boil for two hours. Strain through cloth. Add strained juice of lemons and sugar. Boil for one hour. Serve hot or cold.

Cherry Punch. One cup water; one cup orange juice; one cup lemon juice; one cup cherry juice; one cup sugar. Boil for one hour. Strain through cloth. Add strained juice of lemons and sugar. Boil for one hour. Serve hot or cold.

Raspberry Jelly. Boil the juice from raspberries. Add sugar. Boil for one hour. Strain through cloth. Add strained juice of lemons and sugar. Boil for one hour. Serve hot or cold.

Long-sleeved gowns girdled at the waist in the Mayan fashion are appearing. Be sure to have your bag match your shoes. This is a very smart touch.

Capes and hoods resembling that made famous by Little Red Riding Hood of scarlet velvet or crepe de Chine have been seen in the evening, worn by several smart women.

## MEDITATIONS OF A MARRIED WOMAN

By HELEN ROWLAND

THE hardest thing in the world for a man to realize is that a woman MEANS it when she says she's "going to leave him."

No matter how much "notice" his wife or his stenographer may give him, somehow, he never actually takes her seriously, until he wakes up some morning, and finds his wife's bed undisturbed, or his stenographer's desk closed, his mail unopened and her sweater gone from the back of her chair.

And, even then, he's not convinced until he goes to find a clean shirt in the linen closet or a letter in the filing cabinet.

A man just can't BELIEVE that any woman would actually leave him to clean his own brushes or sign his own letters, as long as she merely "threatens."

A woman's "talk" rolls right off a man's consciousness, like water off a slicker. That is why he is always so astonished and hurt when she ACTS.

His stenographer might give him two years "notice," instead of mere two weeks, yet he wouldn't start to look for another until minutes before she was ready to put on her hat.

And his wife may give him "warning" every other day that "she isn't going to stand it another 24 hours"—yet, he won't try to find out how to light the oven or where she keeps the can-opener, until the baggage-man comes for her trunks.

As long as a man can prevail upon a woman to "change her mind once more," he goes blissfully and peacefully on, in the sweet self-deluding confidence that it was all "just chatter."

Even after he has seen his wife's trunks go out of the door or watched his stenographer close her desk and walk out with a smile on her face—he still listens for her returning footsteps, and hopefully watches the door in the fond belief that she will walk back in again.

That is why a man is always being "surprised" by a woman. He is surprised when he finds himself engaged to her, surprised when he discovers that she has married him, astonished when she finds him alone and dumbfounded, when she keeps her word—and leaves him all alone in the world!

In fact, the only time he is NOT astonished is when she calls him up next morning and tells him that she is taking the next train back!

No man can understand how a woman who has once loved him and worked for him can ever STOP loving him—or working for him! (Copyright, 1926.)

## Seen on Fifth Avenue

ONE of the most charming ensembles seen lately is of white georgette and is worn with a white velvet beret hat.

A large envelope purse is of gray boar skin and gray leather. The purse is large enough to hold letters, tickets, bills and a notebook.

The favorite shoe styles are the pump, the one and two-strap sandals and the oxford. The favorite combination leathers are lizard and kid, boa and kid and lizard and boa.

Capes and hoods resembling that made famous by Little Red Riding Hood of scarlet velvet or crepe de Chine have been seen in the evening, worn by several smart women.

## Children's Bedtime Story

By Thornton W. Burgess

At Last Peter Hears a Butterfly

Often things we've not suspected Are by accident detected.

—Peter Rabbit.

PETER RABBIT was becoming discouraged. Busy Bee had said that there was at least one butterfly that made a noise and Peter had started out to find that one and couldn't. Never in his whole life had those long ears of his done so much listening. But even if a butterfly would pass so close to one of those long ears as to almost touch it, there was no sound that Peter could hear. The worst of it was that Busy Bee seemed to be trying to keep out of Peter's way.

But at last Peter found Busy Bee at work among the blossoms on a little patch of clover. "Busy Bee," said Peter severely, "I believe you told me a wrong story."

"How's that?" inquired Busy Bee in a tone of great surprise.

"You told me that there is a butterfly that makes a noise," said Peter, "and I don't believe it. I've listened and listened and listened to all kinds of butterflies, big and little, and not a sound have I heard."

"Didn't you hear one squeak?" inquired Busy Bee.

"No," said Peter, "I didn't. What is more, I don't believe there is one that squeaks."

"Did you ever see a butterfly flitting about in winter?" asked Busy Bee.

Peter nodded. "Yes," said he, "I've seen 'Mourning Cloak' flitting about on a warm day in winter. But what has that to do with a butterfly that makes a noise?"

"That's the one," replied Busy Bee, "buzzing over to another clover head."

Peter hurried after her. "Say that again," said he.

"I said that the butterfly that lives through the winter is the one that squeaks, and that is 'Mourning Cloak,'" replied Busy Bee.

"Thanks," cried Peter over his shoulder. He was already running, lipperty-lipperty-lip toward the Smiling Pool. There were some willows down near the Smiling Pool and Peter remembered that he had often seen Mourning Cloak there. So he scampered as fast as he could, lipperty-lipperty-lip, and when he reached the willows he began to look for a butterfly dressed in black with a light border to its wings. He wasn't long in finding one. It was Mourning Cloak. But Mourning Cloak was flying too high for Peter to get anywhere near, and so he had to possess himself in patience and wait.

He sat down in a shady place and waited.

ing Pool and Peter remembered that he had often seen Mourning Cloak there. So he scampered as fast as he could, lipperty-lipperty-lip, and when he reached the willows he began to look for a butterfly dressed in black with a light border to its wings. He wasn't long in finding one. It was Mourning Cloak. But Mourning Cloak was flying too high for Peter to get anywhere near, and so he had to possess himself in patience and wait.

He sat down in a shady place and waited. He waited and waited. Presently he began to nod. Waiting is very sleepy business sometimes, you know. Then he began to doze. He was hardly asleep, yet he was dozing off. Now and then his eyes opened, but he didn't really see anything, and in a moment or two his eyes would close. By and by, when he open-

ed them, he saw on a twig very close to him Mourning Cloak, also resting. In fact, Mourning Cloak was so near that Peter could have reached out his wobbly little nose and touched this curious butterfly. But he didn't. You see, he was hardly awake yet. But suddenly he was very wide awake. He had heard a tiny squeak. There was no doubt about it, because as he listened he heard it again. It was a sure-enough squeak; and because he was looking right at that butterfly at the time Peter knew that it had come from Mourning Cloak. Mourning Cloak actually had squeaked.

Peter was so excited he jumped right up in the air and kicked his long heels together. This frightened Mourning Cloak before Peter had time to ask how that squeaking noise was made, and to this day he doesn't know how it was done. But it was done. He had heard it with his own ears. And, if he could speak to you, he would tell you today that there is a butterfly that can squeak.

(Copyright, 1926.) Like a postage stamp, a man's value depends on his ability to stick to a thing until he gets there. Chamberlain.

SHOES FOR MEN AND WOMEN

Any doctor will tell you: "A corn razor is dangerous in unskilled hands"

"It takes a mighty skilled hand to pare a corn," writes Dr. John D. Barrett, well-known foot specialist of Springfield, Mass. "The least slip and the toe is cut, and a cut toe may mean infection."

So, for safety's sake, when a corn needs paring, see a chiropodist. His knife doesn't slip. He is a skilled specialist.

To remove your corns at home use Blue-jay. It is the safe, sure and gentle way to end a corn at home. The cool, velvety pad relieves the pressure and pain at once. One or two plasters will end the most obstinate corn.

Standard for more than 25 years. Such success tells its own story. At all drug stores.

Blue-jay

Where Trial by Ordeal Still Exists.

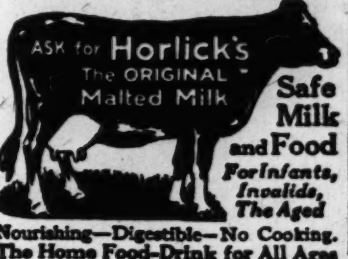

THE Apingi, of the French Congo, are a small people of comparatively light color. They retain many of the customs that were prevalent among the tribes in centuries long gone.

One of the most striking of their customs is that of pulling out two of the upper incisor teeth. The rest of the incisors are filed to sharp points. This in itself lends a distinctive appearance to any member of the tribe.

In order to cure a case of lumbago they will slash the back, seemingly indiscriminately. Lime juice and pounded cayenne pepper will then be rubbed vigorously into the wounds. Needless to say, the records of cures are infrequent.

Some of the less brutal but equally inefficient medical cures consist of spitting upon the affected part.

Avoid Imitations

ASK FOR Horlick's THE ORIGINAL Malted Milk Safe Milk and Food For Infants, Invalids, The Aged Nourishing—Digestible—No Cooking. The Home Food-Drink for All Ages

of the body or rubbing the body with chalk made from the bones of the ancestors of the victims.

One of the cruelest of unnecessary tortures practiced by the Apingi is that of subjecting people suspected of witchery to a trial by ordeal.

At one time the chief of the tribe was believed to be under the influence of witchcraft. Three of the young men of the tribe were sus-

pected of wielding the hostile influence. Nothing would do, if they wished to live, but to subject themselves to the test of drinking poison. If they were innocent they would not die, according to the belief of the tribe.

On the day of the trial the tribe gathered round, armed with spears, knives and axes, ready to tear the victims to pieces if they should seem to be dying.

Bravely the three youths raised the glasses to their lips, bravely they drank the horrible poison. The torture through which they went was indescribable, but they finally survived, very weak. They were declared innocent and the doctor closed the ceremony by going through the same procedure himself, then declaring that the bewitchers were outside the tribe.

D. PRICE'S VANILLA

Nothing but the juice from the vanilla bean goes into Price's Vanilla Extract. Unexcelled for flavor, strength and mellowness. Insist on Price's. At your grocer's. Best since 1853

It was a great day for women.

WOMEN HAVE WORRIED about moth-damage for at least 5000 years. Up to a few years ago there was no sure way to prevent it. Then a few men with a scientific bent got together, experimented for 18 months, and produced Larvex—that amazing liquid which mothproofs anything woolen.

But before a bottle of Larvex was offered for sale it was tested for many months more. Samples of woolen cloth were mothproofed with it. Those samples were covered with moth-worms. (Only moth-worms eat. Moths are harmless. They merely lay eggs which hatch into moth-worms.)

Other samples which were not treated with Larvex were eaten. But in the hundreds of samples which were mothproofed with Larvex there wasn't a sign of moth-damage—not one hole

No more moth-holes! spend \$1. and save \$200.

Your husband's overcoat, your coat, woolen dress, every woolen thing you own — make them all moth-proof with Larvex. Use Larvex to mothproof—

A million women today use Larvex to protect every woolen thing they own from moth-worms and carpet beetles. Do likewise! Spray your woolen articles thoroughly with Larvex. It penetrates the wool fibres and makes the cloth itself proof against all moth-attack. One thorough spraying lasts an entire season. That's all there is to it. No packing things away. Further protection is unnecessary. Keep your clothes always available—simply hang them in the closets. Moth-worms will not touch them. And they come out free from odors. For Larvex is odorless. Non-inflammable, too!

HOW TO BUY LARVEX

If you have never used Larvex, first buy the combination package containing the improved Larvex Atomizer, \$1.50. Then buy the refill sizes of Larvex only; the pint at \$1. or if you have many things to mothproof, buy the 1/2 gallon at \$3. or the gallon at \$5. At drug, department, and furniture stores. Buy Larvex today. The Larvex Corporation, 55 Rodney Street, Brooklyn, N. Y.

LARVEX prevents moth-damage because IT MOTHPROOFS THE CLOTH ITSELF

Prevents Fading Leading dry cleaners, carpet cleaners and laundries are authorized service stations for Larvex mothproofing of rugs, blankets, etc.

**THE PASSING SHOW.**  
THERE is an old and honored state  
That politicians designate  
The land of milk and honey;  
Exploited by the G. O. P.,  
They made it for the D. O. P.,  
A land of blk and money.

Oh, shade of honest William Penn,  
To see the way the iron men,  
By candidates were scattered:  
Ten berries was the market price  
Of suffrage and in a trice,  
Newberry's mark was shattered.

Babe Ruth is quite a drawing  
card,  
He nearly filled our baseball yard  
With customers last Sunday  
While most of them were there  
no doubt  
To see Babe make a four-base  
clout,  
It wasn't his home run day.

But out of Babe they get a kick,  
For, if he makes a home run lick,  
The rooters wildly cheer him;  
And if, upon the other hand,  
By their home pitcher he is  
fanned,  
They just as loudly jeer him.

All-Star Co.  
There is one thing about the  
Yankees, whenever Babe falls  
to do his specialty there are two or  
three underlings on the team who  
do it for him.

That is why the customers  
who crave home runs are seldom  
disappointed in the Yanks.

Pennsylvania, as one of her Sen-  
ators remarks "is no petty Western  
State." Nor does the election ex-  
penditures of \$1,422,000 come un-  
der the head of petty expenses.

Closing the filling stations on  
Sunday is nothing new. Joe Folk  
closed all the filling stations on Sun-  
days years ago, but since the Vol-  
stead law has been in effect they  
have been keeping open day and  
night and every day in the week  
including Sunday.

Brazil has given two years' no-  
tice of quitting the League of Na-  
tions and talks of joining the  
Western Association. Well, if Bra-  
zil can't make good in a major  
league she might cop the pendant  
in a Class A organization.

"Bootlegging Silk Hose Makes  
Rumanians Rich."  
But no amount of money can  
make a silk stocking out of a  
bootlegger.

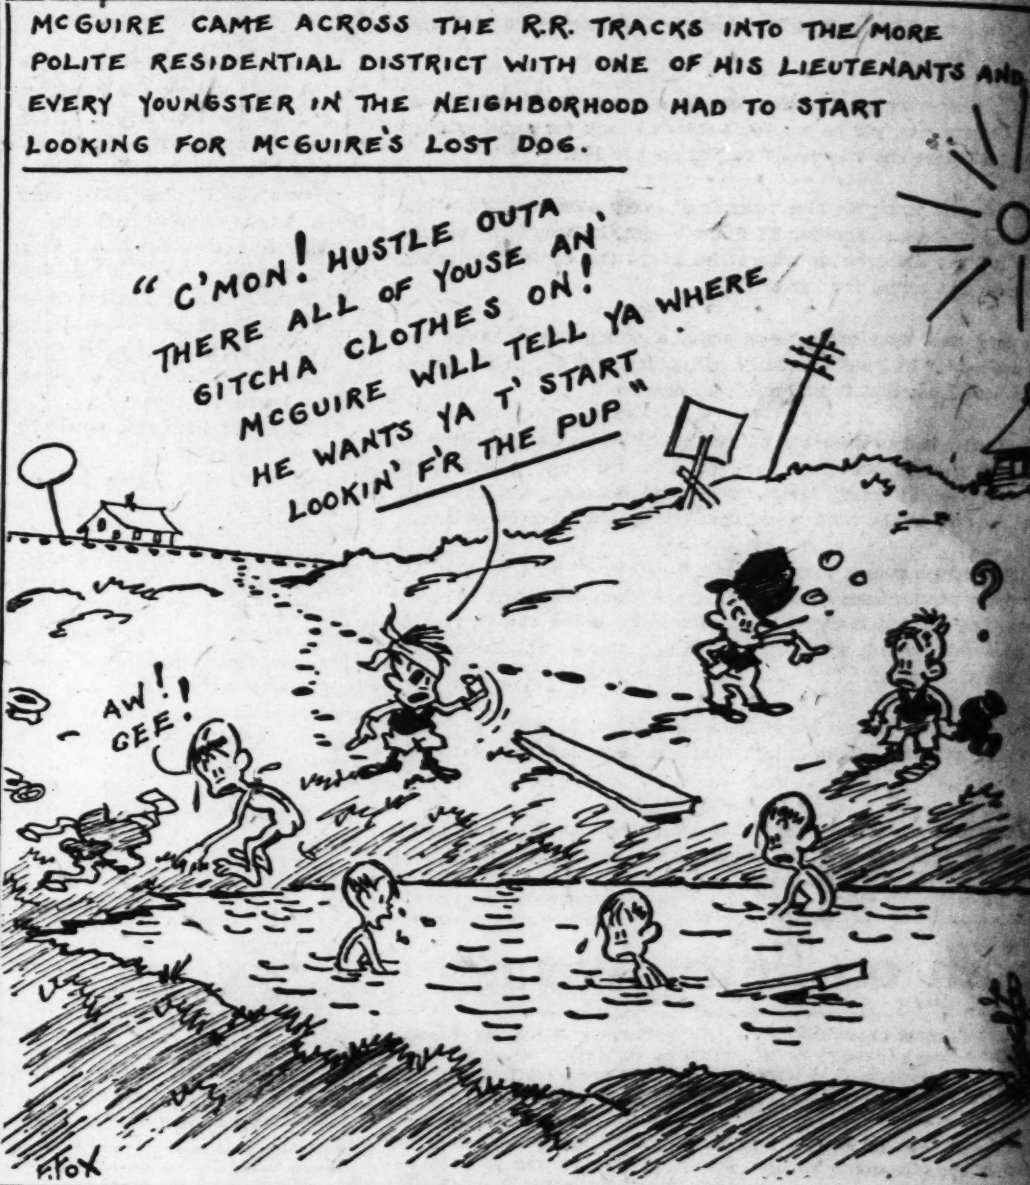

Paying in advance for seats in  
the United States Senate is rather  
a risky business. There is no  
guarantee that the goods will be  
delivered and they don't even give  
trading stamps.

WHEELER A MATCH  
FOR REED IN BRISK  
GIVE-AND-TAKE IN  
PRIMARY INQUIRY

Senator Questions Anti-Saloon League Counsel  
About "Interference" in  
Heber Nations Case.

WITNESS SAYS LOCAL  
DRYS DREW HIM IN

Investigator Demands Fig-  
ures on Contributions  
Received by Prohibition  
Organization.

By CHARLES G. ROSS  
Chief Washington Correspondent  
of the Post-Dispatch.

WASHINGTON, June 17.—Selling an opportunity for which he had long been itching, Senator Reed of Missouri, as chairman of the Senate's Campaign Fund Investigating Committee, this morning put Wayne B. Wheeler, general counsel and legislative superintendent of the Antisaloon League, on the witness stand and started a rigorous examination designed to show the inner workings, financial and otherwise, of the league.

Statements by Wheeler about the alleged use of vets' money for Representative Vane, the winner of the recent millionaires' senatorial primary in Pennsylvania, gave Reed his cue. He directed last night that Wheeler be subpoenaed as a witness. Thus Reed made the opportunity which was denied him at the recent prohibition hearings, when Wheeler elected to appear as an attorney for the dry side instead of a witness.

"Who Are You?" asked Reed.

Wheeler was on hand with a portfolio of papers, when the hearing began. In a lull during the examination of a preceding witness, he went to the committee table and asked Reed when he might expect to be called.

"Who are you?" asked Reed.

"I'm Wheeler," was the rather abashed reply.

"I hadn't the pleasure of your acquaintance," said Reed.

Wheeler explained that he had an appointment for 11:30 o'clock that he would break if his examination seemed likely to run over the hour.

"You had better cancel it," said Reed shortly.

A few minutes later Wheeler was called.

Wheeler walked to the witness chair in an atmosphere that crackled with expectancy. He and Reed looked each other squarely in the eyes as Reed administered the oath. The battle of the giants—for that is the way in which Washington looks at these men—was on.

Honors Even in First Clash.

As has been expected, the dry chief proved an antagonist worthy of his steel. Honors were even at the noon recess. Wheeler appeared quite composed. At times he leaned back in his chair, resting his chin on his left hand. Again he would lean forward and emphasize his replies by striking the table. His voice was steady and he looked right at his questioner.

They made a noticeable physical contrast—Reed with his fresh coloring and white hair; Wheeler, a smaller man, with a sallow complexion, thin brown hair and a small sandy mustache. His sallowness has been heightened by recent illness.

Just before the end of the noon recess, after a long series of questions about Wheeler's salary, the form of the League organization, its legislative activity and other such matters, Reed asked how much the league collected for its work in 1925.

Wheeler said he did not know the exact amount, but thought it would be glad to ascertain the amount from the League's books at Westerville, O.

Reed Demands Figures.

"Can you find out by wire?" "If the committee makes that request," smiled Wheeler.

"Speaking for the committee," said Reed, "I make the request." Then Reed, peremptorily told the witness exactly what he wanted produced before the committee.

"Give us," he said slowly, "the amount of money that you have on hand, and the bank or banks in which it is deposited. Give us the amount collected for 1926. Give us the amount collected in 1925."

Continued on Page 2, Column 2.
